

# Caravel

... new name for a real pleasure cruise.

**Pleasure cruiser:** You can't beat Halsey Herreshoff's Caravel for cruising accommodations. She sleeps four in the standard model, five in the dinette . . . and two more in her roomy, self-bailing cockpit. Dinette converts to double berth or a recreation area for children or adults. And the Caravel dinette model has an enclosed head in between forward V-berths with an optional curtain arrangement for privacy (something usually found only on big boats). Hanging locker for clothes. Large storage area: underneath berths, lazarette, lockers, bins. Self-draining ice box. Stainless steel sink.

**Hull and Deck:** Single unit molded fiber-glas hull. Fiberglas deck and deckhouse, with non-skid surface. Anti-fouling bottom paint.

**Deck hardware:** High-tensile-strength aluminum alloy deck fittings . . . all quality items. Optionals include running lights.

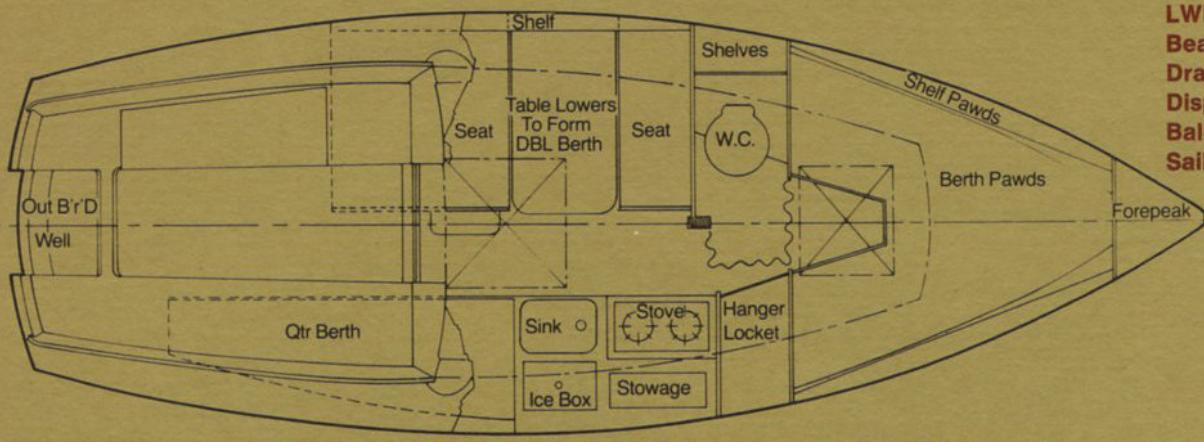

**Spars and rigging:** Anodized aluminum, with roller reefing as standard equipment.

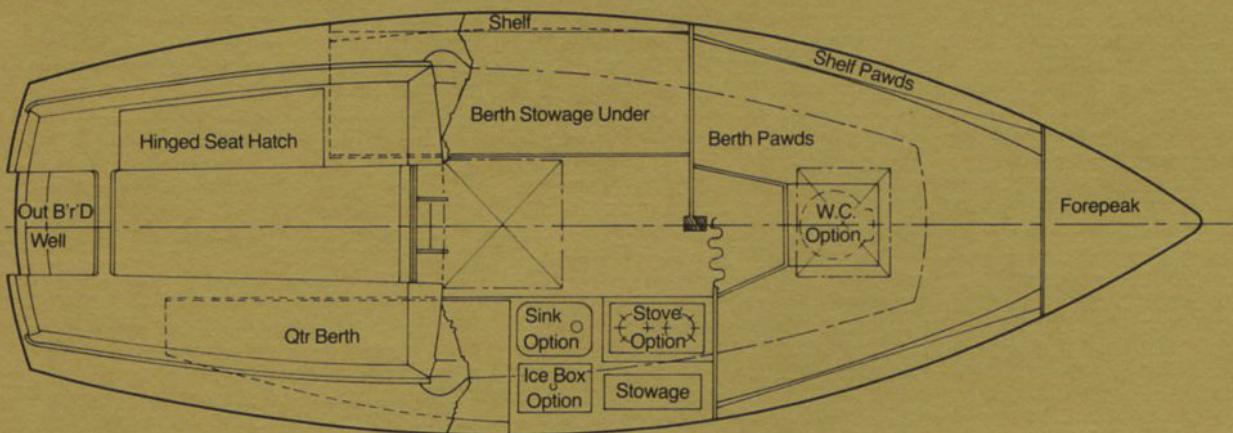

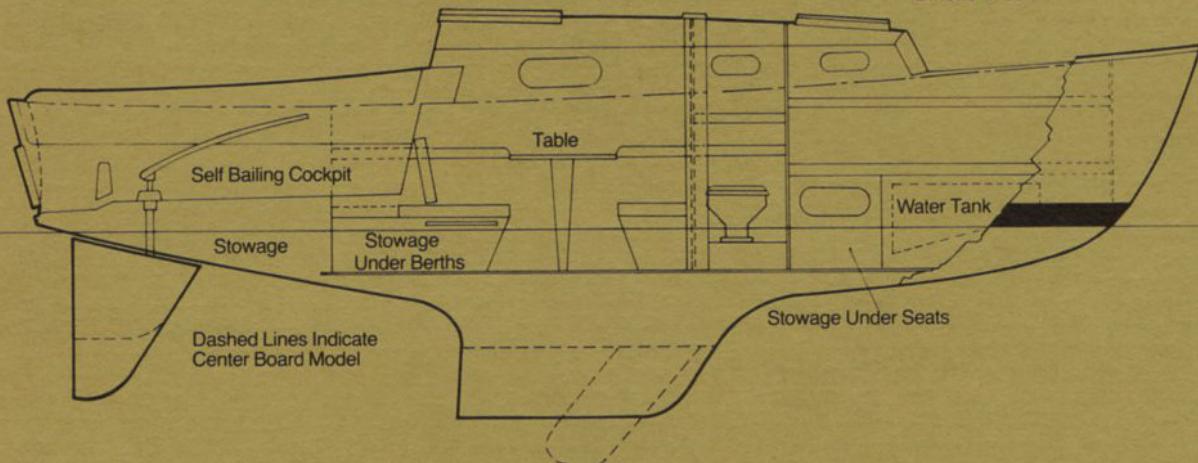

**Built for speed:** The Caravel has trim, graceful lines. She's a sure handling family boat, a fine class racer that gives you maintenance-free performance. Fin keel. Spade rudder. High aspect rig. 100 per cent fore triangle. Low wetted surface. Quality control includes tank testing.

**Caravel 22 Specifications**

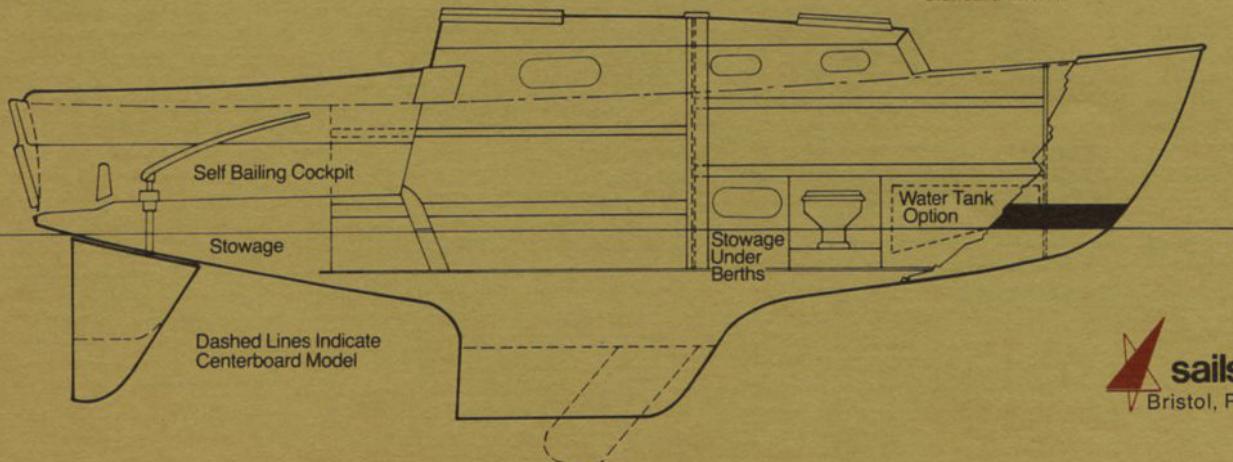

**Designer:** Halsey Herreshoff  
**Builder:** Sailstar Boats  
**LOA** 22'0"  
**LWL** 19'6"  
**Beam** 7'9"
