

Sail with the Fun Fleet.

aqua cat

POPULAR ONE DESIGN CATAMARAN!

Aqua Cat, the number one family fun boat, versatile, simple to sail, and designed for all hands and all conditions.

You'll stay dry aboard Aqua Cat. That comfortable, twenty eight square foot trampoline deck keeps you well above the water and spray. It also gives you stretch-out room for a family of four, including the picnic basket!

And Aqua Cat is exceptionally stable and safe. She sails upright and flat, when others are heeling. And, because there's no boom, you'll maneuver safely and with confidence.

Here's another big plus factor. Aqua Cat is light, she'll cartop right along with you on the family vacation!

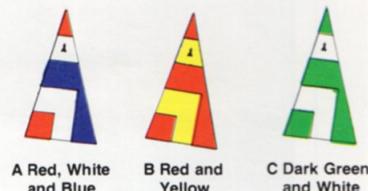

Of course, she's built to take it. AFC is one of the world's most experienced catamaran builders, and has put all of their skills and knowledge into making a boat that will give you years of family fun and enjoyment with very little upkeep. For assured safety afloat, positive foam flotation is built into each hull.

You can select from a grabbag full of sail and hull color combinations, so you'll really stand out in a crowd.

And talk about versatility! You'll picnic . . . surf . . . swim . . . sail . . . teach the youngsters . . . you'll find exciting new adventures for the whole family aboard your Aqua Cat.

More than anything, you'll have twice the fun.

Below are shown standard sail and hull colors.
Order by sail number and hull letter.

1 — Surf White

2 — Regatta Yellow

3 — Bahama Blue

4 — Tangerine

All sails have racing numbers sewn on both sides.

AQUA CAT ACCESSORIES

360° Swivel Cam Cleat. Attaches to after deck rail in pre-drilled hole. Allows one hand sheeting and permits instant release.

Jam Cleat. Attaches to after deck rail in pre-drilled hole. Gives you a free hand in light and moderate weather.

Aqua Pouch. Waterproof storage bag. Fastens on deck at forward deck rail. Handy for keeping cigarettes, charts, cosmetics, etc., dry.

Hiking Seats. For racing enthusiasts. Permits skipper to sit further aft and to windward.

Spray Shield. Transparent, heavy duty polyvinyl. Fastens to forward U-Frame and forward deck rail. Protects from spray in heavy weather.

Motor Mount. Designed to carry 3 hp outboard motor. Motor must have 90 degree turning radius.

Car Top Carrier. Custom designed rack that adjusts to fit most automobiles.

Beach Dolly. One man launching aid, for fresh or salt water.

Trailer. Custom designed, fully equipped light-weight trailer, tows behind any car.

Rudder Lift System. Allows skipper to lift rudder blades from water while underway. Good for racing and for shallow water sailing or beaching.

Sail and Mast Sleeve. Heavy duty canvas, for storage and transport of mast and furled sail.

Center Hiking Stick. Anodized aluminum, attaches to center of tiller tie bar.

Deck Cover. Heavy Duty canvas, red and white striped, with brass tie-down grommets. Protects deck during storage, or while trailering or cartopping.

Hiking Strap. Center hiking strap with bolt connectors to assemble to the center of the dacron deck.

AFC DAYSAILERS

AMERICAN 18

Presenting America's broadest line of family daysailers, each designed for a different need.

All are of centerboard design for trailering, beaching, and shallow anchoring. They feature anodized aluminum sparring, roller reefing booms, stainless steel hardware, dacron sails, durable fiberglass construction, positive foam flotation, and simplicity of design. Each boat is offered complete as a sail away package including sails, mast and boom, and rigging.

The standard hull combination is yellow hulls with white deck on all 16 and 18 and blue hulls and white decks on the 14 and 12's. All have white water line stripes.

AMERICAN 18 (Discoverer)

Designed as a large family daysailer for racing or sailing enjoyment, she features a spacious self bailing cockpit for family and friends, cabin cushions for an overnight stay, and a tabernacle mast step for easy rigging. Fun to sail by both young and old this boat offers the ultimate in a large family daysailer.

AMERICAN 16 (Daysailer)

A complete little family yacht sporting Vee-berth sleeping accommodations for two in her 7' cuddy cabin. The molded-in bunks conceal two large storage compartments. Complete with sail, tabernacle mast step and all hardware ready for a weekend of fun.

AMERICAN 14 (Neptune)

A performance boat designed for the seasoned skipper. She is complete with hiking stick, hiking straps, fore and aft adjustable jib cam cleats, tabernacle mast step, 360° swiveling mainsheet block and jam cleat. An excellent performer with planing hull design ready for competition.

AMERICAN 12 (Kingfisher)

Picked as a trainer by camps and municipal recreation programs. Designed with the novice sailor in mind, her 4'8" beam combined with her generous freeboard makes her exceptionally stable and dry, and ideal as a beginner's boat. She features a complete inner hull cockpit, fully enclosed centerboard, and carries 80 square feet of sail.

ATLANTIC DINGHY

PINTA

PINTA

This group of smart little boats has been designed for safety, usefulness and fun.

They're built by skilled craftsmen, finished to perfection, and each one must pass a rigid quality inspection before it leaves our plant.

All rowing and sailing models have gel coat interiors and are complete with bronze oarlocks and sockets, towing ring, vinyl gunwale guard, and positive foam flotation.

All sailing models are complete with anodized aluminum masts and booms, synthetic running rigging, stainless steel hardware, varnished daggerboard and rudder, and dacron sails.

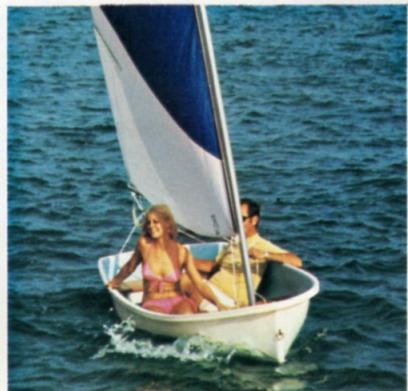

All Atlantic dinghies can be cartopped and carried on most camping trailers.

12' PINTA

Designed for family fun and as an inexpensive trainer, this sloop rig sailer features generous freeboard, wide beam, and a displacement hull design, all providing room and comfort for the entire family. Simple daggerboard and kick up rudder for easy beaching or shallow anchorage. She is an ideal beginners boat featuring 75 square feet of main and jib sail and available in white or yellow.

9 1/2' SEAL

One of the world's most desired sailing dinghies. She handles well, points higher than most cat-rigged sailing dinghies, and sails faster than many boats twice her size. A classic round chine design by Phil Rhodes, with 40 square feet of sail and a two piece mast for easy cartopping. Available in white or yellow.

SEAL SAIL

8' DELUXE SAIL

8' DELUXE YACHTMANS

Handles like the big boats. Comfortable sailing for two adults. Beamy and stable with high freeboard, hard chine, and 39 square feet of sail. Available in white or yellow.

7' ECONO DINK

Popular sailing model with hard chine and deep keel molded into the hull. Great as a yacht tender or utility boat. An excellent trainer or knockabout with 35 square feet of sail. (White only).

ROWING DINGHIES

The 7', 8', and 9½' are available as standard rowing models without sails, rigging, mast, boom, daggerboard trunk, daggerboard, and rudder.

ROWING & SMALL SAILBOAT ACCESSORIES

Car Top Carrier. — Adjusts to fit most automobiles.

5' Varnished Oars. — Strong, dependable.

Oar Lock Horns. — For replacement use.

A Fleet of Family Fun!

LIMITED ONE YEAR WARRANTY

American Fiberglass Corporation (A.F.C.) warrants each new A.F.C. boat, for a period of one full year, from the date of delivery to the original purchaser, when each purchase is confirmed by the submission to A.F.C. of the registration card within 15 days of purchase. This warranty applies to defects of material or workmanship but only when used for the normal recommended pleasure use.

Within this period warranty repairs will be made without charge by A.F.C. at their Charleston, South Carolina plant or at A.F.C.'s option, by an authorized A.F.C. dealer. Transportation costs are the responsibility of the owner and all warranty repairs must be approved by an authorized A.F.C. representative prior to the repair. The liability of the company shall be limited to repairing or replacing any part judged to be defective by A.F.C., whose decision shall be final.

This warranty does not apply to: (1) equipment or accessories carrying their own individual warranties, (2) installation of accessories or equipment installed by anyone other than the factory, (3) gel coat cracks, crazing, or gel coat bubbles, (4) canvas, vinyl, upholstery, plastics and trim, (5) any A.F.C. boat which has been altered, subjected to misuse, negligence or accident, (6) any products sold for other than normal pleasure use including rental, commercial, or promotional use or sold as other than a factory first, (7) any sailboat that is transported on any other type boat trailer other than that expressly designed and sold by A.F.C. for that purpose.

This warranty is in lieu of any other warranty expressed or implied by American Fiberglass Corporation. American Fiberglass Corporation accepts no responsibility for any representations, acts or omissions of its dealers relating to the preparation and/or sale of American Fiberglass Corporation products to original users.
