

Alberg 30 Class Sails

The limitations on sails used for racing (at least on the Chesapeake Bay, the Great Lakes rules are different) are specified in the bylaws of the Chesapeake Bay Alberg 30 One-Design Association. Here are the highlights.

Mainsail

Dacron cloth, between 5 oz and 7.25 oz per running yard 28.5" wide.

Luff 31 feet maximum
Foot 14 feet 3 inches maximum
Leech 33 feet 6 inches maximum
Midgirth 8 feet 6 inches maximum

Working Jib

Dacron cloth, 7.25 oz maximum.

Luff 30 feet maximum
Foot 10 feet 3 inches maximum
Leech 25 feet 9 inches maximum
Midgirth no requirements

Large Genoa (No. 1)

Dacron cloth, between 5 oz. and 6.5 oz.

Luff 34 feet maximum
Foot 19 feet maximum
Leech 33 feet 6 inches maximum
Foot Round 3 inches maximum

Small Genoa (No. 2)

Dacron cloth, between 5 oz. and 6.5 oz.

The size of the small genoa (No. 2) shall not be larger than the No. 1 genoa in any dimension.

Spinnaker

Between 0.75 oz. and 1.2 oz.

Luff and Leech 35 feet 6 inches maximum to underside of swivel

Girth 19 feet 4 inches maximum at any point

One Less Traveled -- Owning a Classic Plastic Sailboat.

Finally a book about the Alberg 30!

Owning a classic plastic sailboat is not just sunny beaches and breezy summer days. If you ever dreamed of owning a classic plastic sailboat this book is for you. Follow the author through eight years of owning an Alberg 30. From renaming to remodeling, from living aboard to losing a finger, learn what it's really like to own a classic sailboat.
