

## MANUFACTURER'S COMMENT

The new C&C Landfall 39 is a center-cockpit cruising yacht that moves with an easy grace and an impeccable sense of style. Her cockpit is deep and secure, and C&C's exclusive Anchormate® bow pulpits has staggered rollers for double anchors, on a foredeck pre-engineered for windlass installation.

Exquisite good taste and an awesome spaciousness characterize Landfall 39's interior. The owner's stateroom is high (up to 6'1"), wide and handsomely detailed. The 6'9" double transverse berth is flanked by cupboards, bureaus, shelves and lockers that reflect the highest standards of craftsmanship. The luxuriously appointed main saloon has up to 6'8" headroom and seating that easily handles a party of six at the 5' wide, varnished teak table.

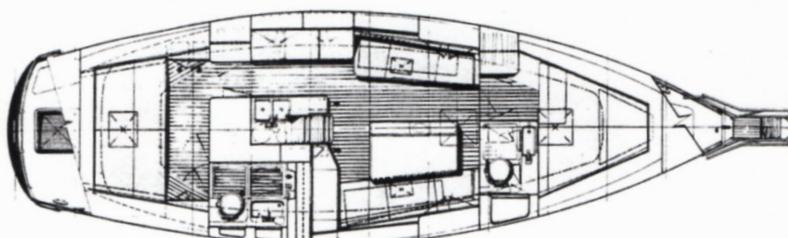

Six cast aluminum opening hatches and nine opening ports provide ample light and cross-ventilation. The V-berth has a double berth that is extremely wide at the foot. Two Uni-form® head compartments are molded in one piece from sole to headliner, complete with mirrored vanity, recessed light panels, medicine cabinets and laundry/linen storage. Instrument panels in her teak-panelled nav station can easily accommodate stereo components or optional electronics.

The galley has up to 6'4" headroom and a full range of brand name equipment, with over 8 sq. ft. of counter space.

Every component, from rig to underbody shape, ensures the Landfall 39 will achieve her optimum cruising potential under fully loaded cruising conditions.

Her rig is incredibly robust and engineered for safe, easy operation in any weather. Her reaching abilities are outstanding. Extra fullness forward and aft enhances her forgiving handling characteristics and exceptional balance. Steering and handling are equally impressive.

The Landfall 39 is a new kind of C&C—a true cruising thoroughbred, with the extra performance capability that is a C&C trademark the world over.
