

# CT-44 (44 PH)

43'

**T**he CT-44 is a world-class cruising yacht, built strong enough to cruise any ocean in the world safely and comfortably. Tanton has designed a yacht with classic lines. This is a sailboat that will appeal to those who appreciate the Hinckley and Alden boats. However, the longer waterline and high-aspect-ratio cutter rig create a surprisingly fast performing boat. The buyer has a choice of the Pilothouse version, which is more convenient for you to sail indoors.

Construction is to the highest standards. The hull lay-up is PVC foam sandwich from waterline to deck. The deck is one-piece hand laid-up sandwich FRP. Ballast is cast iron. Aluminum spars, running rigging, and sails are standard. The CT-44 is equipped with an emergency steering system and engine-room soundproofing insulation. She comes with VDO wind instrument, knotmeter, and log, and fuel and water-tank gauges.

The aft cockpit is comfortable and dry. Many ports, hatches, and dorades provide plenty of light and ventilation below. Whether dining, entertaining, or relaxing, the spacious saloon will be appreciated. Of course, Ta Chiao has equipped the CT-44 with quality equipment—names

such as Perkins, Barlow Vetus, VDO, Bomar, and others. The teak woodworking throughout testifies to the old-world artistry of the carpenters. Sails supplied with the boat are computer designed from Top Sail Industries. To see this fine boat, please contact your nearest CT dealer.

ALSO AVAILABLE IN PILOTHOUSE MODEL.
