

CT-65 Ketch

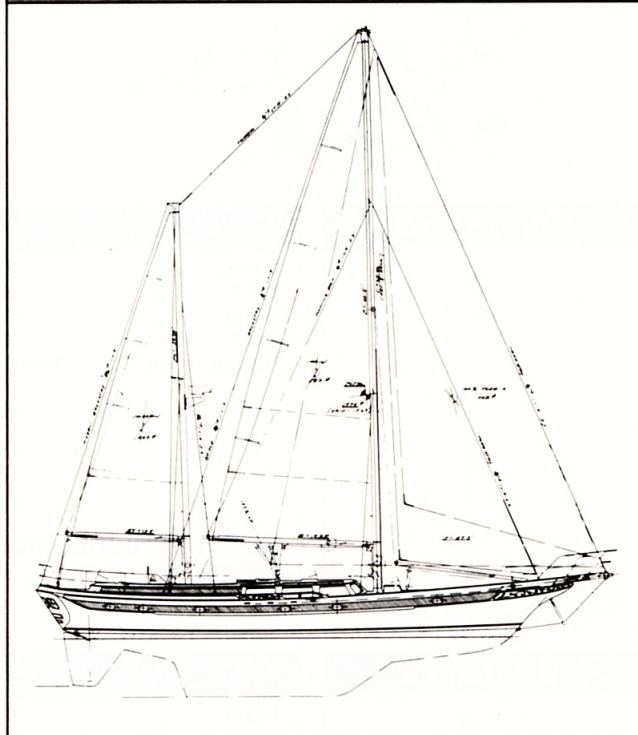

65'

The CT-65 Ketch is the new sistership to the well-known CT-54. Like the 54, the CT-65 is designed by Robert Perry and built by Ta Chiao Brothers, a third-generation family of shipbuilders. Their shipyards are approved by Lloyd's and ABS, and certificates are available.

Robert Perry designed the 65 as a world cruiser with a traditional-looking profile; however, her underbody is modern Perry, and she is designed as a fast cruiser. To quote Perry, "We have tried to amalgamate performance and luxurious comfort. We used a performance-prediction program to run a series of mathematical models through a variety of sailing conditions. We were interested in minimizing draft and maximizing stability. The computer studies show the 65 to be fast and surprisingly effective in light air."

On deck is a large cockpit in the shape of a figure eight. Decks are wide with plenty of flushdeck area forward. Belowdecks is a 17' by 17' saloon. The motif is traditional, with teak bulkheads and beamed ceilings. The main cabin has been laid out with a fixed settee to port, and lounge chairs and navigation to starboard. The dinette adjacent to the galley is huge. The berth combinations in the forward staterooms are variable, with the options of uppers and lowers or simply lower doubles or singles. Each stateroom has its own shower stall and head.

The standard boat is well equipped, including such items as a 12.5 generator, 200-horsepower Perkins, large

Nilsson windlass, heavy teak rubrail, aluminum spars, four working sails, Giot aluminum hatches, all wind and boatspeed instruments, 1,200 gallons of tankage, freezer/refrigerator, and some 140 other standard items.

The 65 interior can be modified to suit the owner. A charter layout is also available. Draft can be reduced to 6' with or without optional wing keel.

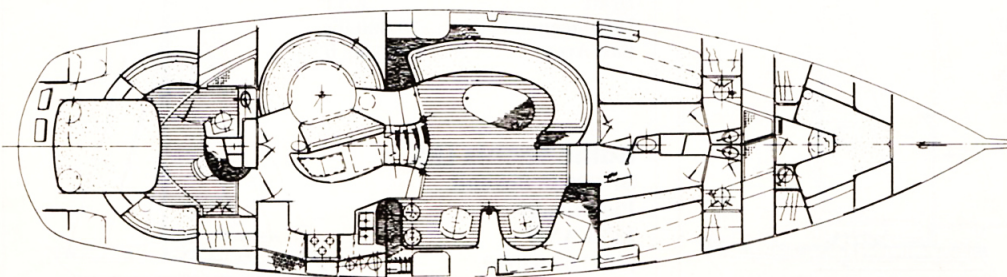

L.O.A.....	64'10"
L.W.L.....	50'10"
Beam.....	17' 6"
Draft:	
Deep Keel.....	7' 0"
Shoal Keel.....	6' 0"
Ballast:	
Deep Keel.....	26,000 lbs.
Displacement:	
Deep Keel.....	77,400 lbs.
Sail Area:	
100% Foretriangle	928 sq. ft.
Main.....	583 sq. ft.
Rig Dimensions
