# SPECIFICATIONS

With her simple Marconi ketch rig, the CT-41 is a fine "Man and Wife" boat-no sail too large to be handled by one person, and when shortened down, she will balance under jib and mizzen or under main alone. Included as standard equipment are dacron working sails, pressure water system, hot water heater, shower, bow pulpit with teak catwalk, stanchions and lifelines, and much more. Custom interiors are available and can be arranged to suit individual requirements.

## Hull and deck

One piece heavy molded fiberglass hull and one piece molded fiberglass deck with plywood cabin with two hayer of fiberglass cloth over. The whole deck is built in sandwich construction with wooden core for extra strength, Rigidity and insulation; Teak deck is optional.

## Spars

Selected spruce, hollow-box mast and booms with bronze and stainless steel fittings. With necessary blocks and cleats. Aluminum spars is optional.

## Sails

Mainsail is 8 oz dacron with two rows of reefing points.

Jib sail is 7 oz dacron.

Mizzen sail is 6 oz dacron with single row of reefing points.

## Joinerwork and finish

All exterior and interior is teak trim. Oiled or natural finished.

Varnish finished is optional.

## Electrical system

All wiring is done to international specifications.

12-volt electrical power system for dome lights, reading lights, navigation lights and deck lights, with fuses.

110-volt power system with shore power connector for hot water heater and outlets with circuit breakers.

## Plumbing

12-volt pressure pump for hot and fresh water system. One manual bilge pump and 12-volt electric bilge pump. All thru-hull fittings with seacocks.

## Water and Fuel Tanks

100 gallons stainless steel water tank.

150 gallons black iron fuel tank.

## Steering

Pedestal steering with 30" wheel. Inside steering is available.

## Engine (Optional)

Volvo penta MD-21A, or Perkins 4-108, or equal. .
