

# CAPRI 18

by **Catalina** Yachts

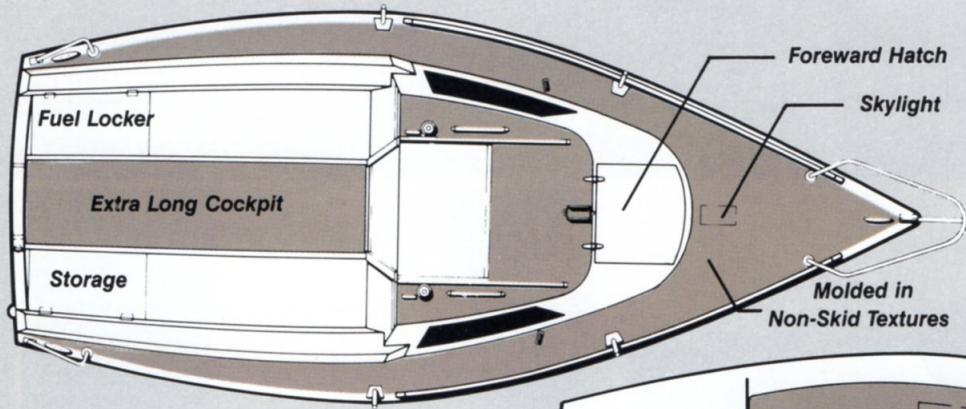

BIG BOAT FEATURES AND SMALL BOAT CONVENIENCE HAVE MADE  
THE CAPRI 18 AMERICA'S FAVORITE NEW FAMILY SAILBOAT.

THE CAPRI 18 HAS ROOM AND PERFORMANCE FOR TODAY'S SAILING FAMILY

# CAPRI 18

The CAPRI 18 is designed to provide the quality features of larger Catalina yachts in a compact, trailerable, affordable boat.

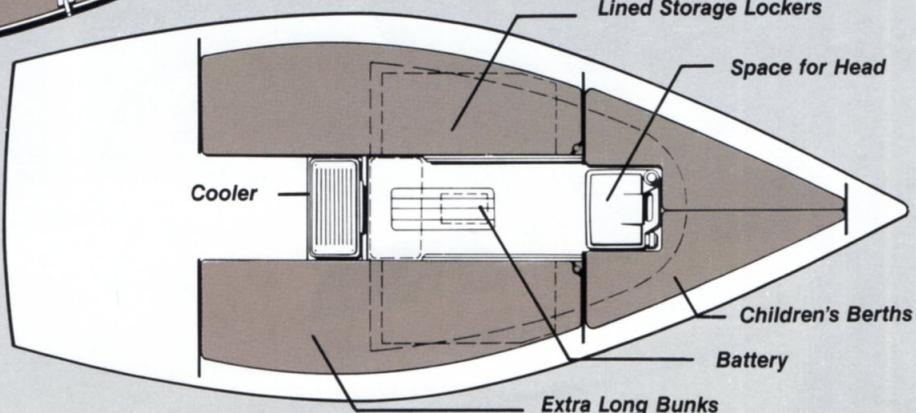

## The Cabin

Below decks are well lighted and ventilated for overnight accommodation for a couple or family with children. The two long seat berths can be made into a "jumbo" athwartships bunk with the standard cushions provided. The vee berth forward is perfect for the kids. A portable cooler is standard and there is space for a portable toilet under the vee berth. Lined storage lockers are under the seats on both sides.

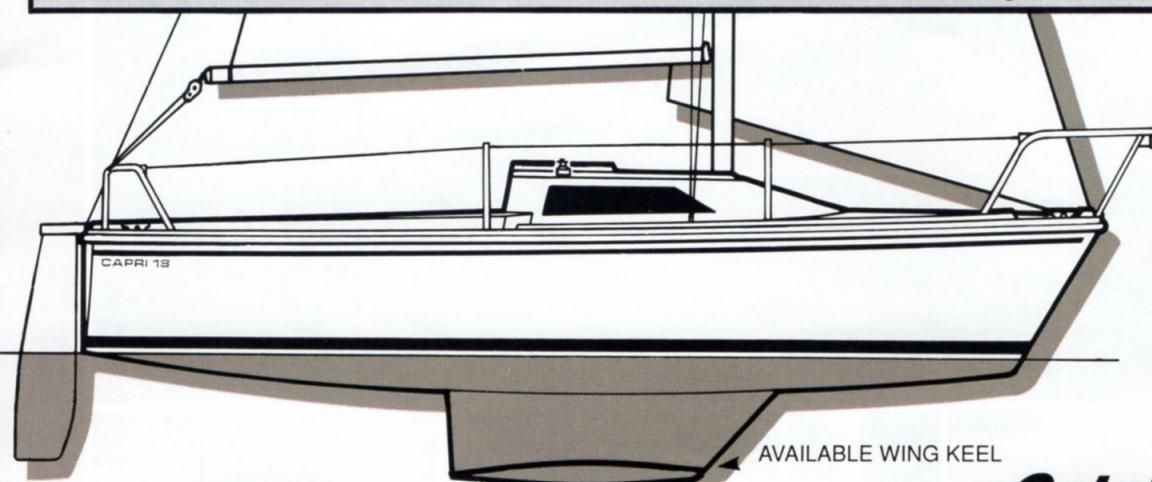

## Special Features

- A complete electrical system with cabin, running lights, 12 volt panel and battery.
- Positive foam flotation is standard on all Capri 18's.
- Anodized mast and boom.
- Dacron main and jib sail with number and insignia.

## The Hull

Shoal draft and good performance in light and heavy winds dictated the Capri 18 hull shape. The shoal draft is possible with the low aspect ratio internal ballast lead keel. This eliminates the complication of a centerboard and makes trailering and ramp launching easy. The Capri 18 is well balanced and light on the helm, inspiring confidence in the learning sailor and delighting the seasoned skipper.

## SPECIFICATIONS

|                  |             |
