

OUR BOAT

The Buccaneer was first introduced in 1970, to become one of the most popular racing one-designs and comfortable day sailers. With over 5000 boats manufactured, it is easy to find a new or used Buccaneer to fit into any price range.

BUCCANEER CLASS ASSOCIATION

The Buccaneer Class Association stays in touch with its nationwide members and fleets. The class provides:

- An association promoting quality sailing for the entire family, whether you want to sail with your kids or race with a spouse.
- A quarterly newsletter magazine, the *Buccaneer Buck*, full of racing information, cruising and sailing tips, feature articles by the designers, builders, representatives, and members.
- Sanctioned racing events held regionally and nationally, with guaranteed good times, tips, and competitive racing for real families.
- Close association with an active builder, to assure a quality boat and discounts on repairs and parts.
- A national network of representatives who will help you understand and sail your boat better.

For membership information, call or write to the **Buccaneer Class Association**, P. O. Box 997, Guntersville, AL 35976. Or call (205) 582-7253.

OUR SAILORS

"Of all the boats I've sailed, the Buccaneer represents the best and most sensible design which is suitable for both day sailing and racing. It is a fine day sailer, with its comfortable cockpit arrangement and roller furling jib. It is also easy to race by two people with its spinnaker launcher, sensible size jib, and well-designed hull. Besides, who wants a boat that is not pretty to look at?"

"While it's faster than most 18 foot boats, I like that it is very simply rigged, light enough to be towed by a small car, and only takes a half-hour to set up and sail. It works well as a family boat"

"Zipping past cruisers and day sailers brings admiring glances from the boats just past. The feeling is akin to being on a personal water craft!"

"I like both the local and national news covered in the newsletter. It is nice to hear tips from around the country, but also let people know what is happening in my own harbor."

Want to go FAST?

L.O.L. 18' 0"
