

Crealock 34

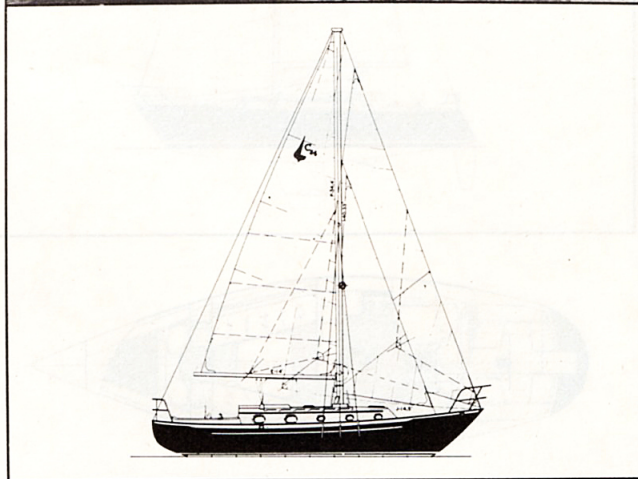

34'

The Crealock 34 does everything right. She exhibits a turn of speed that is normally the realm of the all-out racer yet with the kind of construction that brings dreams of bluewater cruising within your reach.

The 34 typifies the quality and performance that the sailing world has come to expect from Pacific Seacraft. Everywhere you look the excellence of the master shipwright is in evidence.

Her fiberglass hull and deck are 100 percent hand laid-up and squeegeed to remove all excess resin for optimum strength-to-weight ratio. The deck/hull connection is engineered with a double flange bedded and through-fastened with 3/8" 18-8 stainless steel bolts. It is the strongest, most watertight connection available in current production technology.

Superb design, uncompromising construction, and

rigid attention to every detail combine to create the Crealock 34.

L.O.A.....	34' 1"
L.W.L.....	26' 3"
Beam.....	10' 0"
Draft:	
Deep Keel	4' 11"
Shoal Keel	4' 1"
