

# fine construction, unique features, fast...

**CYCLONE 13** is a fast high-performance strict one-design day sailer that at last offers all of the features found individually in other boats of the new breed of single-handers. The CYCLONE is completely rigged for racing with highest quality, yet simple hardware. The hull is strong hand-laid fiberglass that is simple to maintain, yet light enough to car-top. It is completely self-bailing and self-rescuing. The cockpit is large and roomy for a crew with a large storage compartment forward. A unique unstayed mast with a halyard that allows the sails to be lowered without unrigging, and a simple lightweight fiberglass kick-up rudder and daggerboard makes beaching easy.

Give CYCLONE a whirl — it's truly a new world of sailing!

The new CYCLONE can be ordered in a wide range of colors and combinations. The nonskid areas can be color or white to contrast with choice of deck color. Hulls can be any color with selection of waterline color.

COLOR CARD CHIPS HAVE BEEN MATCHED TO STANDARDS AS CLOSELY AS POSSIBLE UNDER DUPLICATION METHODS.  
HOWEVER, EXACT COLOR MATCH IS NOT GUARANTEED.

## specifications:

Length Overall .....	13'
Beam .....	4' 11"
