

# Dynamique 58

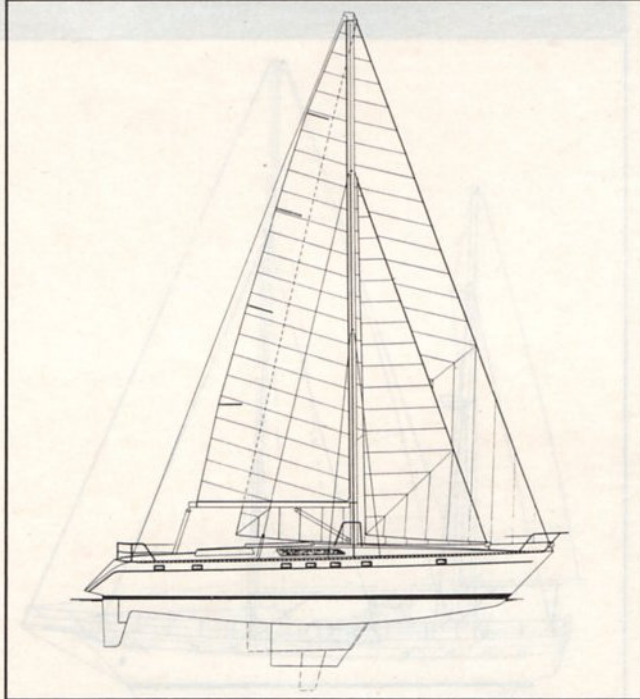

60'

**A**fter seven years experience during which seven boats have been created from 47 to 80 feet, Dynamique 58, the most recent creation designed by Joubert/Nivelt and launched six months ago, confirms the previous success of her predecessors—a full 18 meters of brilliance and achievement, of emotion and pleasure, reserved for a privileged circle of demanding and highly refined yachtsmen.

Everything has been carefully designed—using the most sophisticated equipment—to reduce crew numbers to a bare minimum and keep cruises very much an intimate affair.

Of traditional construction and the result of proven technical engineering, the Dynamique 58 features a cleanly designed hull and deck area, combining the qualities of a large ocean racer and the delights of a luxury yacht.

Dynamique 58 is generous in everything it has to offer. Regardless of the layout you choose, the boat has been built around elegance, with a skillfully designed decor placing emphasis on harmony. Everything has been designed for optimum independence and privacy.

Dynamique 58 relates to a certain *art de vivre*, primarily due to the ingenious use of volume and space—supreme comfort in the lounge, quiet luxury in the reading room, and perfection in the generously appointed galley.

There is one final surprise: the sun deck so large for fun and barbecue parties.

Dynamique 58 is a French-built boat. You may buy it, you may charter it.
