

# Endeavour 42

42'

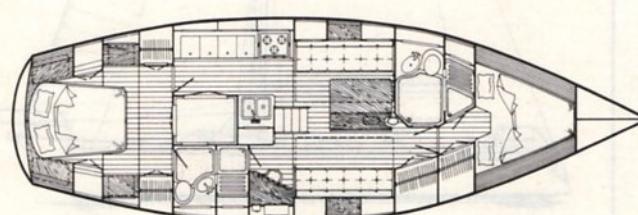

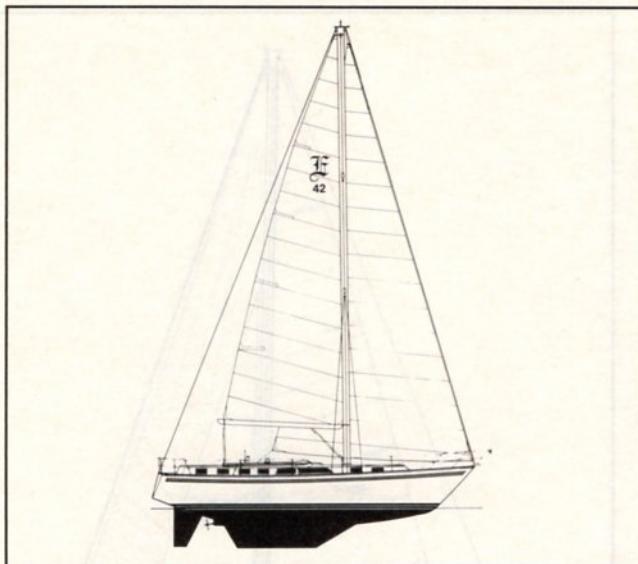

The Endeavour 42 was designed to dispel the belief that comfortable accommodations could only be achieved at the expense of performance. That beauty and luxury transcend ruggedness. And that quality can only be measured by price. But of course, by reputation she had to be special. For she's an Endeavour 42, the ultimate statement of excellence.

It is her rugged seakeeping qualities, ease of handling, and unparalleled liveaboard comfort that first attracted the attention of serious cruising sailors and charter yacht companies. Twelve aluminum opening ports, and five deck hatches guarantee plenty of ventilation and light below. The wide weather decks and raised bulwarks stress safety on deck.

Belowdecks, the Endeavour 42 reinforces Endeavour's reputation for elegant accom-

modations. We combined precise joinery work with the finest hand-varnished teak woods available.

But you must look beyond her elegant interior and sassy performance to fully appreciate the Endeavour 42's uniqueness. Her construction and equipment describe a yacht of elevated quality: Hand laid-up biaxial and tri-axial fiberglass hull and deck with end-grain balsa coring for that optimum strength-to-weight ratio, cast lead ballast, and a powerful 66-h.p. Yanmar diesel.

L.O.A.	42' 3"
