

# Ericson 26

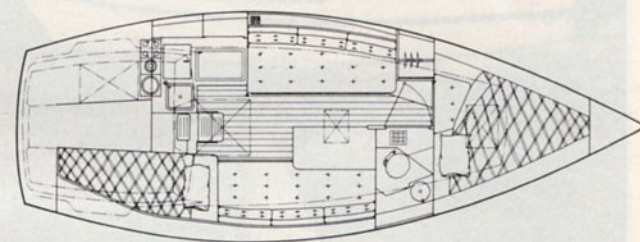

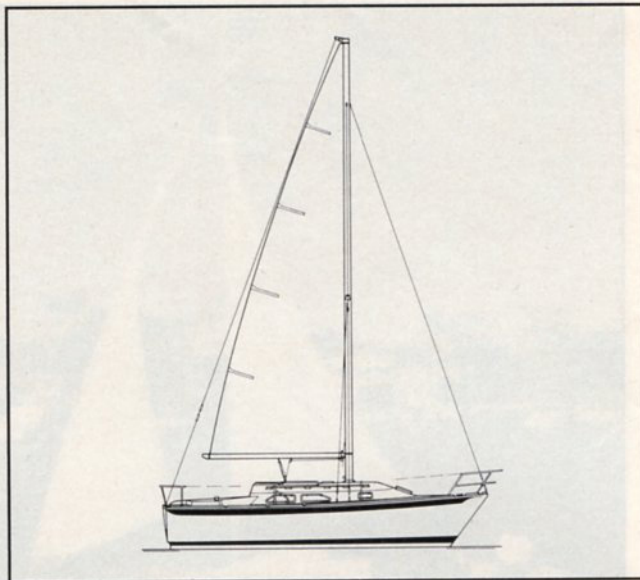

26'

**E**ricsons are known as boats for the knowledgeable, which is why the new Ericson 26 should be considered by families new to sailing. In boats, "more for less" generally turns out to be just less. Less performance, materials quality, design care, and ultimately, less resale value.

The spacious accommodations and key features of the Ericson 26 are highlighted by the plans. What remains unexpressed is the boat's classic wood finish. The cabinsole is teak and holly. The bulkheads, locker door, and detail are all teak. The galley counter areas are teak trimmed formica.

The incredible rigidity and strength of the Ericson hull can't be shown on our drawings. The triaxial Force grid/liner system provides both structural integrity and a clean, gelcoat inner surface for every locker.

The sailing performance of the Ericson 26 is electric.

That's an old Ericson tradition. An added, vital Ericson characteristic is the full 10 year limited hull warranty.

The Ericson 26 is built to fulfill a veteran sailor's life-long ambition or a young sailing family's dream.

L.O.A.	25' 9"
L.W.L.	21' 11"
Beam	9' 3"
Draft:	
Deep Keel	4' 11"
Wing Keel	3' 11"
Ballast	2,250 lbs.
Displacement	5,250 lbs.
Sail Area (Total)	325 sq. ft.
Auxiliary	12 H.P.
	Universal Diesel
Designer	Bruce King
Year Introduced	1982
