## ERICSON YACHTS

DESIGNED TO FIT THE SEA...  
 DESIGNED TO FIT YOUR FAMILY...  
 DESIGNED TO FIT YOUR DREAMS OF A  
 FAMILY CRUISER...

Step aboard the roomy 8 foot cockpit, examine the stowage, dining and interior layout. Notice the 5' 9" headroom, the well designed 6' 6" main cabin berths, the enclosed head and the standard equipment included. Your family can weekend in complete comfort in the Ericson 26.

The balanced spade rudder demands only finger-tip control even in 20 knot winds. The designed comfort and safety of the low maintenance fiberglass hull and deck guarantees years of service and high resale value.

Cruising, racing, or just gunk-holing, the Ericson 26 is designed for you.
