

# Ericson 9.1M

30'

Some time ago Ericson Yachts decided it could please everyone, but not with the same kind of boat.

The new Ericson 9.1M is the first model of an additional series of production yachts being offered by Ericson. This line embraces a different interior and exterior styling from the popular Bruce King designed line of performance cruising yachts that have been an Ericson tradition for a quarter of a century.

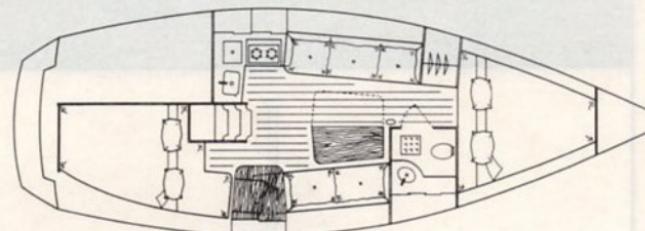

The 9.1M is an excellent cruising yacht with exciting club-racing appeal. Its fair hull with broad aft sections give it pleasing behavior under sail, and its well-designed cockpit is a comfortable place to enjoy the performance.

Below is a spacious interior with a large double bunk aft, chart table, open main saloon with a drop leaf dinette table that folds out of the way when not in use, and sleeping

accommodations for six adults.

This design styling is modern, but the 9.1M comes standard with at least one Ericson tradition—exceptional structural integrity backed by our 10-year limited hull warranty (see your dealer for details).

Perhaps one of the 9.1M's most outstanding features is its price. A well equipped 9.1M is under \$45,000.

L.O.A.	29' 11"
L.W.L.	25' 2"
Beam.	10' 4"
Draft	5' 6"
