- **Draft, board up:** 0 ft. 7 in. / 0.18 m
- **Draft, board down:** 3 ft. 4 in. / 1.02 m
- **Displacement:** 440 lbs. / 200 kg

Builder's Remarks

The Gemini features a planing hull, easy-to-operate, twin fiberglass boards, and all the cockpit room usually found only in keel boats. She has an air tank and two foam sections up under the deck to help her in self-righting. Experts may expound the theory of one against two boards; we only know that in our testing, the boat with two boards was much faster than the same model with one centerboard.

More Information

- More information on the The Gemini is available on
BoatShow on CD-ROM: So Many Sailboats.
