

GLEN-L 10

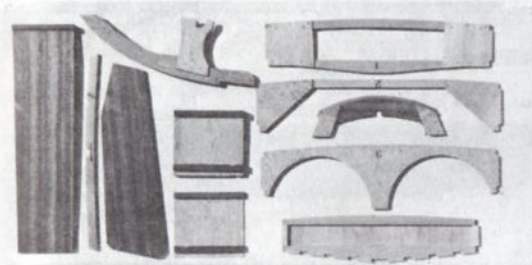

A 10' CAT-RIG SAILBOAT

A full fledged sailboat with a minimum investment; that's the **GLEN-L 10**. And it's easy to build. No building form is required and all materials are used with a bare minimum of waste. Whether building from a **FRAME KIT** or **FULL SIZE PATTERNS**, construction is quick and simple, even for beginners.

The **GLEN-L 10** is very lively under sail, points well, and is highly maneuverable. The lightweight hull fits easily into most station wagons or pick-up trucks, or can be car-topped. All aspects of the design, from rigging to sailing, have been kept simple and basic making this an ideal sailboat for the beginner on a budget. The instructions and construction photos explain all phases of building your **GLEN-L 10**.

To save you time, money, and effort, we have made available various kits on the **GLEN-L 10** which allow you to completely outfit the boat just as we did on our original prototype.

COMPLETE PLANS plus **FULL SIZE PATTERNS** for the frames, transom, stem, side planking assembly, rudder, daggerboard, daggerboard trunk, and bow piece. Includes instructions, Bill of Materials, and Fastening Schedule.
