

Easy and fun to build! Easy and fun to sail! This sums up the **GLEN-L 12**. It's a peppy performer ideal for the beginner. Not too small, not too big. Stable enough for mom, roomy enough for two adults and two kids. Yet packed with enough sail area in the sloop rig for exciting performance!

The **GLEN-L 12** features simple, **LOW COST** construction. Only a few sheets of standard 4' x 8' plywood and some lengths of lumber are required. Our **PLANS & FULL SIZE PATTERNS** make the job easy even for the beginning amateur. Better yet, use our **FRAME KIT** for even **FASTER & EASIER** construction!

You can outfit your **GLEN-L 12** with our various kits. No need to waste time or effort shopping around for the "right" items. We've got them all AND can deliver them directly to your door. What better way to get sailing at a fraction of the cost of factory-built boats?

COMPLETE PLANS include **FULL SIZE PATTERNS** for the frames, transom, stem, breasthook, deck beams, daggerboard, trunk, and rudder, instructions, Bill of Materials, and Fastening Schedule.

GLEN-L 12 HARDWARE KITS

Each **GLEN-L 12 HARDWARE KIT** includes: Rudder gudgeons and pintles, rudder stop, gooseneck, all jam cleats, mast tangs, adjustable jib sheet slides on tracks with stops, chainplates with covers, masthead sheave with pin, eye straps, bow plate, jib halyard block, mainsheet blocks, mainsheet traveler block, and tiller bolt. Each **DELUXE** hardware kit includes all the above except the adjustable jib sheet slides which are replaced with quick action jib sheet cam cleats on tracks with stops.
