

Holder 12

12'

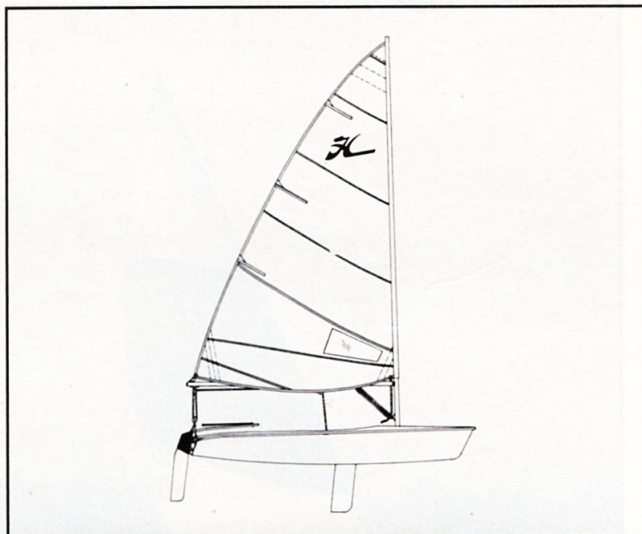

The Holder 12 is a dinghy for every member of the family. Small and light enough for one or two kids, the Holder 12 is a fast performance boat that will excite adults.

This boat doesn't trade performance for comfort. A flared hull and a freestanding flexible rig with Comptip mast help absorb heeling force and give sailors extra leverage.

The hull is constructed of hand laid-up fiberglass foam sandwich for lightness and strength. And a small wetted surface means fast planing and excellent pointing ability—even in light air.

The Holder 12 is virtually unsinkable. Its large self-bailing cockpit easily accommodates one or two people, and it can be righted by a 90-pound child.

All owners become members of the Holder Class Association, entitling them to

many benefits and a complete racing program. Prices from \$1,350. FOB Oceanside, CA.
