

HUNTER 27

We go the Distance

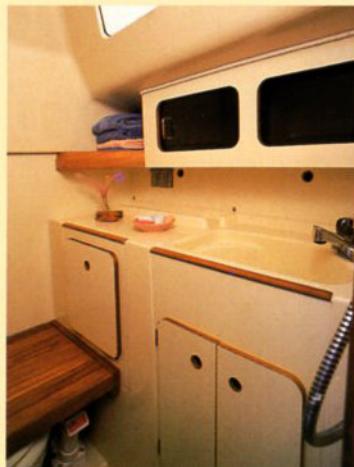

*T*he all new Hunter 27 was designed to lead the industry with tremendous value and comfort in a spirited family cruiser.

The heart of the new 27 is an easily driven hull powered with a modern fractional rig with swept-back spreaders, and balanced with our slippery, stabilizing bulb-wing keel. You'll enjoy her sailing character in the comfort of a deep, contoured cockpit,

where all lines are conveniently lead for easy handling. The cockpit is enhanced by our popular walk-through transom and integrated swim platform.

The cabin is carefully arranged to maximize seating and sleeping comfort. A huge double berth aft complements the convertible V-berth and cabin settees for sleeping up to six

people. The head is fully enclosed for privacy. The galley is complete with stove, sink and icebox. Our inboard version includes hot pressure water, 110V power and marine head.

Bring your family to visit your Hunter dealer and discover the 27's fine blend of engineering, innovation and value.

Sail For Life...

Escape the pressures and stress of everyday life to bring your friends and family together for the freedom, relaxation and adventure of sailing.
