Hunter Marine reserves the right to modify or change, without notice, any materials, specifications, equipment and/or accessories. *All measurements are approximate. Standard equipment may vary for products sold outside the United States.

A sailor's choice for spirited sailing – with a low center of mass, and all lines heading aft to a clean, open cockpit.

**See it at the
Atlantic City & Miami
Boat Shows!**

While most boat companies are resting on their keels, Hunter is hard at work bringing new designs to the sailing community. The 2nd addition to the '97 line, the 310 is loaded with all the features and performance for which Hunter is known.

Below deck you'll find a wrap-around windshield to keep the salon bright, two private staterooms, a U-shaped galley and a convertible dinette that serves five or sleeps two in comfort.

Above deck is a lightweight mast with struts, and a B&R rig that spreads the loads evenly through the hull. All lines lead aft to a clean cockpit and combine with a roller furling jib. The cockpit features an integrated arch, walk-through transom and twin stern rail seats.

You need to look this boat over closely at your nearest dealer. You'll be seeing lots of copies of this one!
