**T**his one was designed to provide you with fun sailing and exciting performance. The 340 is an attractive design that integrates innovative use of both cockpit and cabin.

The dual stateroom cabin features a gourmet galley, head with separate shower and a bright and airy layout.

Above deck the 340 features a huge cockpit with all lines leading aft

for short handed sailing, an integrated arch to keep the cockpit clear, and mast support struts for less weight aloft (providing better stability and reduced pitching and rolling motion.)

Look at the 340 and you'll see a vision of sailing's future. Call today for a brochure and location of your nearest Hunter dealer.
