

THE INLAND CAT

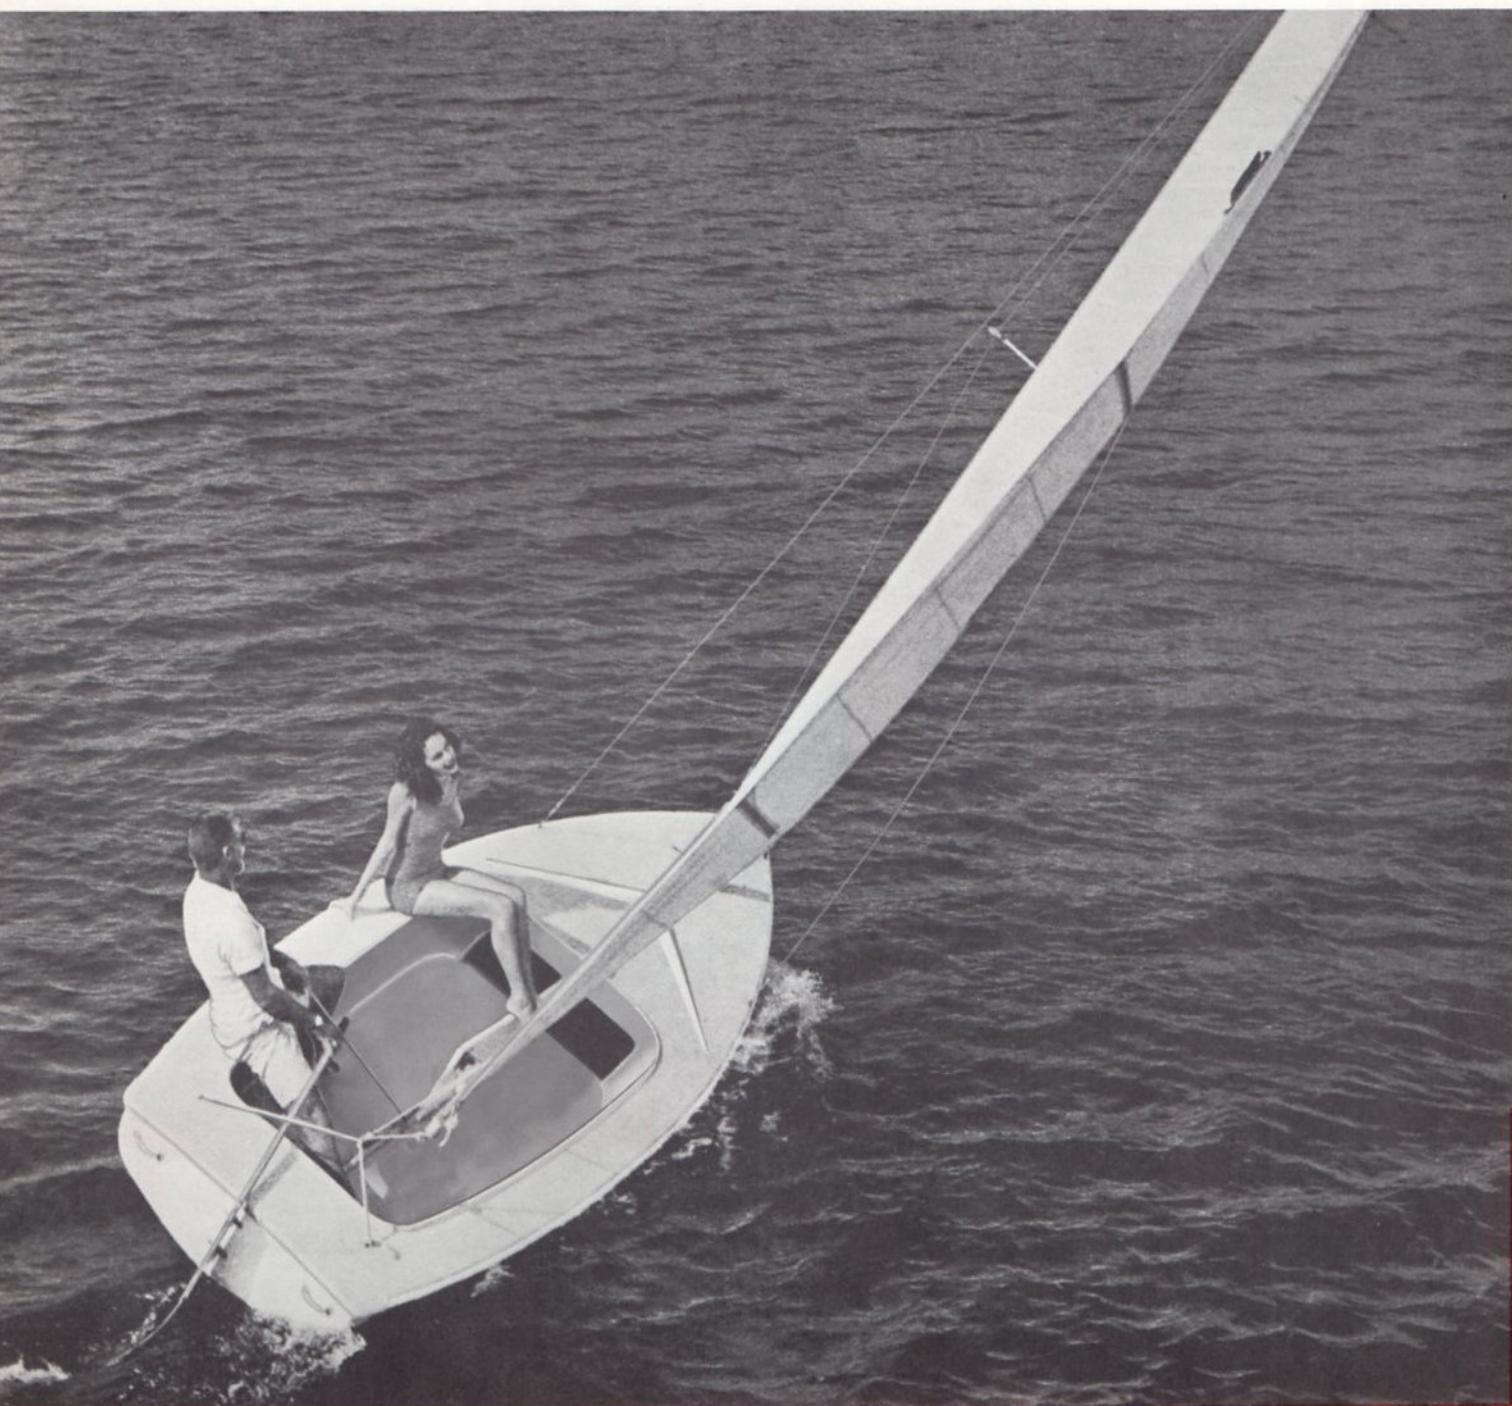

One Design Class
**Fiberglass
Sailboat**

PRESENTING THE

INLAND CAT

A "DRY" COMFORT

The Inland Cat is designed specifically for inland lakes and coastal bays where shallow waters are commonplace and extreme maneuverability is a must. All fiberglass construction makes it a joy to own, affording compelling beauty, maximum strength and care-free maintenance. Bathing suits are not required as optimum freeboard assures maximum sailing comfort in all seasons.

ABLE SAILBOAT

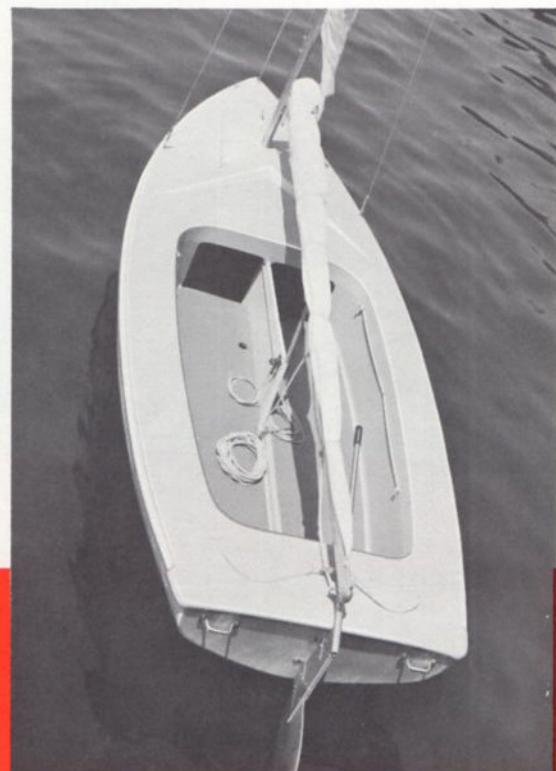

Efficient, light-weight, fast and stable, the Inland Cat is extremely popular for fleet racing and sporting pleasure.

Top quality construction makes the Inland Cat a standout in its class. Each fitting is chosen for its strength, safety and efficiency and is located for easy accessibility. Centerboard and aluminum rudder "kick-up" to facilitate launching and beaching. Single sail, finger-tip control and roomy, comfortable cockpit provide the ultimate in family fun or individual sailing thrills and relaxation.

Safety is built-in with unique, unitized, non-swamping deck and cockpit, sealed mast and positive foam floatation.

Clean trim lines accent the nonskid deck and cockpit which features molded corners for maximum comfort.
