

Island Packet 38

38'

The Island Packet 38 is unique for its exceptional livability, modern full-keel design, versatile, easily managed rig, and innovative blend of the modern and traditional providing performance and ease of handling.

The Island Packet 38's broad beam and long waterline afford a vast amount of interior room. Featuring a unique tricabin layout, the 38 boasts large forward and aft staterooms, and a spacious central saloon, each with private access to a head with shower. The master stateroom forward uses the full beam of the yacht to create an open, roomy layout well suited for extended periods aboard. The main saloon is well lighted and ventilated and provides a large dining area or an inviting social center. The large U-shaped galley is convenient to both cockpit and saloon yet out of companionway traffic. The aft stateroom, well separated from other cabin areas, provides guest accommodations with comfort and privacy. Varnished teak bulkheads and teak and holly sole combine with designer fabrics and accent surfaces to impart a feeling of luxury and warmth below.

Topside, large, unobstructed deck surfaces provide safe footing and room for stretching. The cockpit features a cavernous sail locker, icebox, freshwater shower, and a rack-and-pinion steering system unmatched for its positive feel and reliability.

The integral hull and keel provide the strongest possible construction to withstand the stress of heavy seas and grounding. The moderate-draft full keel or optional shoal keel with centerboard give the capability for bluewater passages and cruising shallow coastal waters.

The Island Packet 38's modern full-keel design provides contemporary performance with the traditional virtues of seakeeping and safety. Along with extraordinary quality and extensive standard equipment, all these features combine to make this yacht the top choice for the knowledgeable cruising sailor.
