

JY15.

HMS SAILBOATS, INC.
28375 Elba Drive
Grosse Ile, MI 48138
(313) 675-1681

A one-design racer for the whole family.

Rod Johnstone designed the JY15 to make performance dinghy sailing fun for both adults and kids. The boat proved so popular that in the first three years over 2,000 people were actively sailing JY15's in fleets throughout the USA. Now enjoying a burgeoning class association and year-round regatta schedule, JY15 families get involved with competitive sailing that's fun, exciting and safe.

The boat is simple, tough, ergonomic and fast. Comfortable for adults yet easy for kids to sail competitively, the JY15 is built from virtually indestructible triple-laminate plastic, bonded to a foam core and glass inner skin. One-design main and jib by North Sails are cut for performance, easily trimmed through Harken gear. Self-bailing cockpit and high boom help ensure sailing comfort. Swing centerboard and rudder make beaching a snap, and optional dolly trailer moves the hull over land easily.

Like all our boats, the JY15 is backed up with the best warranty and customer support program in the business. For more information on how you can get involved with the Future of Sailing, give us a call at (203) 536-6567, or contact your nearest JY dealer.
