

J/27

28'

It's hard to believe that this modern design with a classic look, good stability, and easy-to-manage rig is the fastest boat under 29 feet or under \$30,000 in the world!

There are some impressive victories to back up the claim: first overall 1984 MORC Internationals, first overall 1987 Caribbean Ocean Racing Circuit, and first overall American Y.C. Spring Series PHRF.

But J/27 is a remarkable weekend cruiser as well, comfortably sleeping five in two cabins.

The large 7-foot-long cockpit with backrests makes picnics a joy.

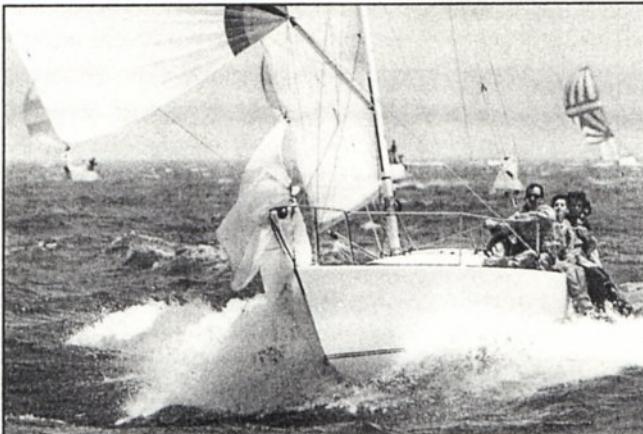

A secure big-boat feel is created with a large lead keel and high-tech construction to further lower the center of gravity. This, coupled with low wetted surface and a big sailplan (which works great under mainsail alone) means good light- and heavy-air performance.

The J/27 Class Association,

with over 150 boats, a North American and Midwinter Championship, class newsletter, and class rules with a four-sail limitation help to insure equal performance and resale value.

You'll welcome the precedent-setting 10-year warranty on blisters, plus a lead keel to minimize your maintenance costs.

L.O.A.....	27' 6"
L.W.L.....	23' 6"
Beam.....	8' 6"
Draft.....	4'11"
Ballast.....	1,530 lbs.
Displacement.....	3,800 lbs.
Sail Area.....	364 sq. ft.
Designer ..	Rodney S. Johnstone
Year Introduced	1984
Selling Price.....	\$30,000
