

Johnson Class M Scow

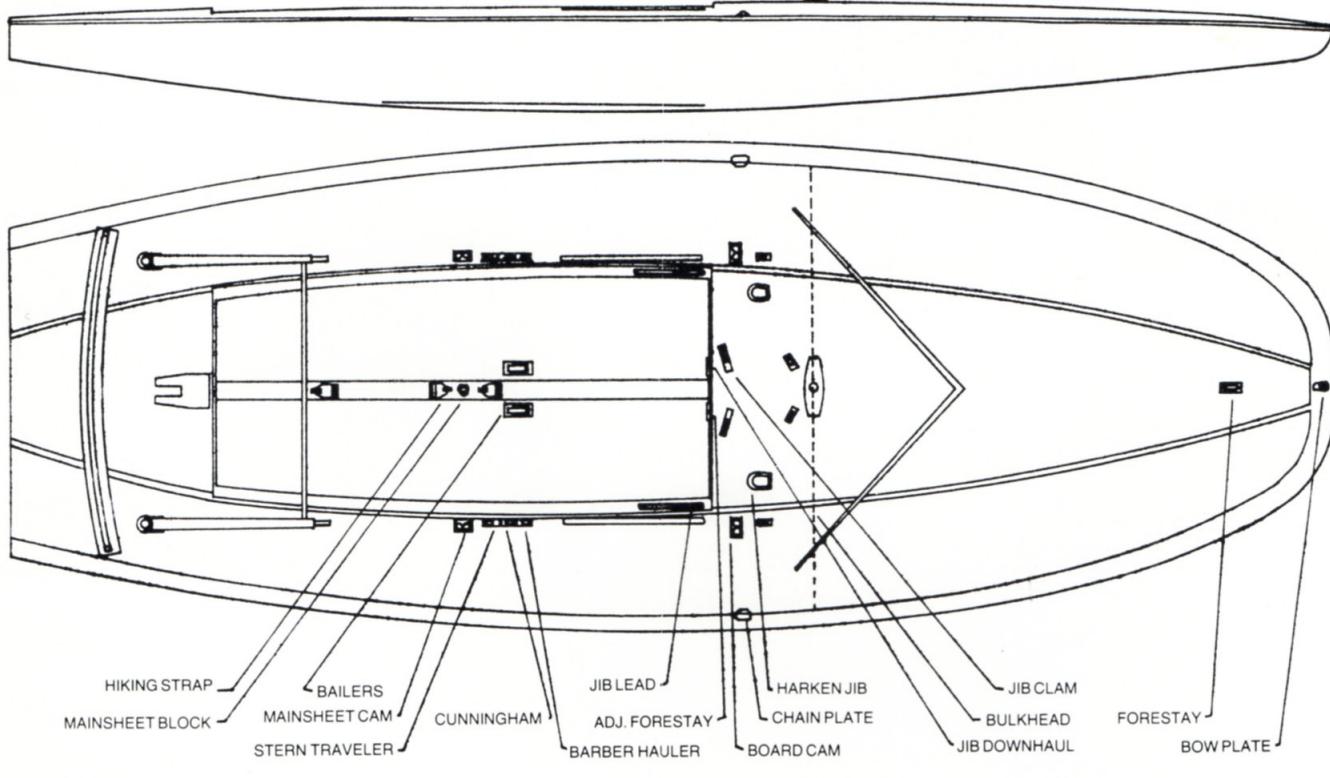

Sporty and Lively Sloop-Rigged Scow

The Johnson Class M Scow is the smallest and least complicated of the sloop-rigged Scows. It is always sailed competitively by two people and the competition is excellent. Best sailed by lightweight crews, the responsiveness and maneuverability of this sporty Scow is evidenced on all legs of a race course. Lots of "go-fast" adjustments are conveniently located and in one race, you'll get to use them all. Active racing fleets are located throughout the Midwest and the East Coast.
