

1984 LANCER 28-T MK V

1984 LANCER 28-T MK V

The Lancer 28-T MK V is one of the most outstanding yachts of her type. The designer, W. Shad Turner, noted for his performance designs, has given the Lancer 28 a long waterline for speed under sail and power and the beauty of a low sleek cabin profile while still maintaining better than 6'2" standing head room. A ballast to displacement ratio of about 50% makes her sail without an excessive angle of heel. Modest draft and 8' beam make those out of the way places accessible and also make her trailerable, putting even those distant cruising waters within practical vacation range.

The interior has an enclosed head and sleeps up to seven in a teak crafted interior. Cane panel teak doors add beauty as well as providing superior locker ventilation to combat mildew. A custom tailored soft headliner with foam insulation makes for a warm, comfortable, luxurious feeling below.

The Lancer 28 MK V's new fractional rig is versatile and practical. It has easy to handle, smallish headsails and a mainsail large enough to drive the boat by itself in complete control for "nonchalant" cruising. Internal jiffy reefing and an internal outhaul are standard as is the beautiful baked on mast finish.

Shad Turner designed performance, coupled with good looks and a thoughtfully well done teak interior, make the Lancer 28 MK V an outstanding value.

LANCER 28-T MK V (TRAILERABLE) STANDARD EQUIPMENT \$21,535.00

HULL

- Fiberglass, With Hand Laminated Woven Roving
- Standard Colors - White Hull - Red, White & Blue Boot Top - Blue Sheer Stripe
