This luxurious and seaworthy ketch, berthed at Marina del Rey, is available by the day or week. If you have a basic understanding of boating, you may charter Haven with confidence. She is a very capable and forgiving boat, and is rather simple to rig and operate. We will provide each charterer a thorough check-out, demonstrating the operation of the boat. A manual is maintained aboard listing the whereabouts of equipment, and proper operation. Our rates include both hull insurance and liability insurance covering the charterer as well as the owners.
