

# Mariner 40

*Mariner Marine Industries*

1340 WEST SEVENTH STREET, LONG BEACH, CALIFORNIA 90813 (213) 435-9175

MARINER 40.....a limited production cruising yacht of high quality and sterling reputation.

Mariner 40 is the most luxurious and most comfortable of the ORIGINAL Mariners. This ancient Mariner has earned at sea the reputation as one of the most reliable, best riding vessels in its class. Like the original 32 and 36, our Mariner 40 was first built of wood to be the finest cruising yacht in its size range.

That she is the most imitated design in the sailing world is a tribute to her beauty, ease of handling, powerful and stable ride, world-wide respect as a successful offshore cruiser.

Mariner 40 construction techniques are rooted in the heavy scantlings of her wooden boat heritage, while employing the most modern fiberglass by production methods. The heavily hand-lain hull and deck are permanently joined by an integral sheer clamp.

Inside, the Mariner 40 is a devastatingly beautiful wooden boat, roomy and airy and comfortable. Detail work is exceptional. From the face of the dove-tailed drawers right back to the insulated hull, everything is beautifully finished.

But the yacht must be, above all, functional underway or this beauty is wasted at sea. The Mariner 40 is precisely that. Storage, so essential for comfortable living, is everywhere you need it...a place for everything. The galley, an enormous U-shaped wooden sculpture, is seagoing, located at the companionway to port, with as much work surface as an apartment, a cockpit loading icebox, a stainless lined stove alcove, drawers, cupboards, trash bin, garbage bin and two large windows to look out over your world. No cooped up, ill-at-ease feeling here. The galley is sheer pleasure.

The pumps, both manual and pressure, are large and reliable. Hot and cold pressure water are standard ...so are AC/DC circuit breakers, red night lights, dual batteries, double stainless steel sinks, wiring run in conduit, isolated vented propane locker, sampson post, bow roller, lifelines and stanchions, color-coded halyards, spreader lights, anchor pipe, aluminum spars, shore power, a large teak planked cockpit for luxurious cruising, big diesel with full instrumentation and alarms and filters.

Mariners are now in their third decade of setting the standard for quality yacht construction. That is more than 20 years of experience at sea, of refinement, of listening to the suggestions of our fiercely loyal Mariner owners...of employing techniques and cruising details that are still being learned elsewhere.

Mariner 40, the finest and rarest of the Original Mariners is designed and built to provide a lifetime of pleasure, comfort and reliability to fortunate owners.

THE MARINER 40...a legendary yacht available now...on a limited basis.
