

# Moody 58 Custom

58'

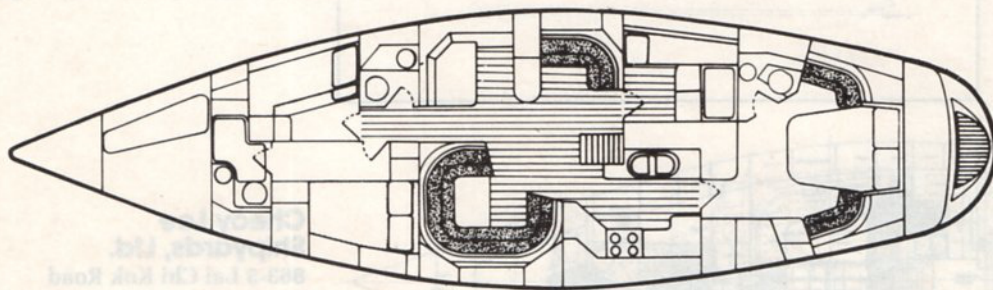

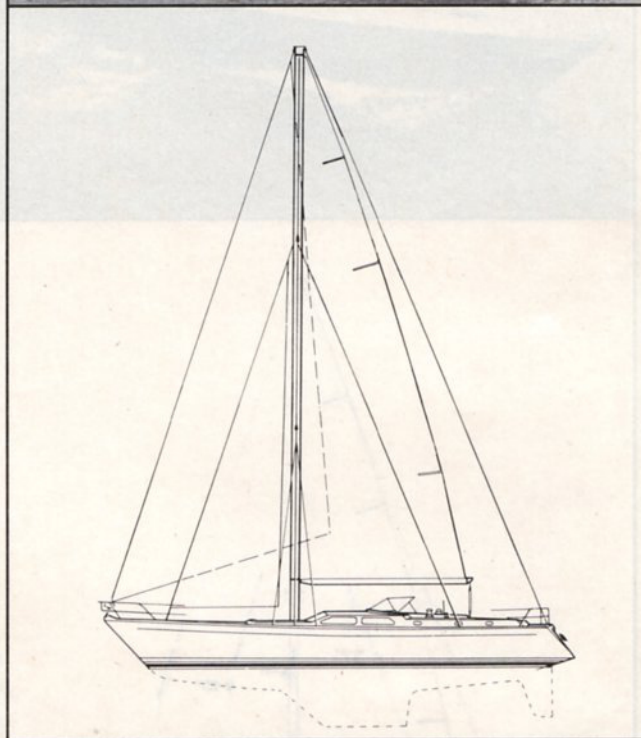

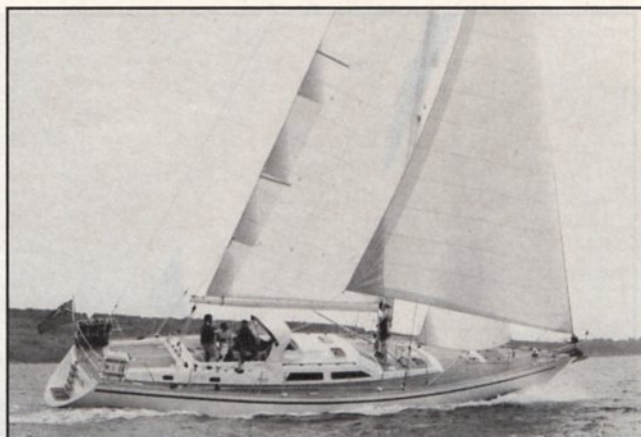

**T**he Moody 58 Custom, designed by Bill Dixon as a practical long-distance cruising yacht, fulfills the yachtsman's dream of speed, luxury, elegance, and above all, seaworthiness in one beautifully crafted vessel. She's fast, responsive, and easy to handle—but then that's just what you would expect from the famous Moody name.

As soon as you step aboard the 58 you will appreciate the sheer quality of craftsmanship. Feel the quality as you move easily and sure-footed around the clean, teak-laid decks with their abundance of uncluttered space.

Belowdecks, the 58's layout and furnishings have been thoughtfully planned by our interior-design team to provide the highest levels of liveaboard comfort and luxury. Flexibility, freedom of choice, and personal attention are the keys: We have the customer's individual requirements foremost in our minds.

There's a large galley in which a Cordon Bleu chef would feel at home, with its fully gimballed cooker with triple burner, broiler, and oven, twin stainless steel sinks, and an expanse of tiled work surfaces.

Wherever you look, you'll find quality through and through: from the luxurious owner's stateroom to the navigation station, which is de-

signed to incorporate the latest advances in electronic navigation aids and is arranged console fashion over the teak chart table.

Equipment, too, is of the highest order, with each item chosen not only for its suitability but also for ease of servicing and maintenance worldwide: standard electronics by B & G, winches and deck gear by Lewmar, hatches by Gebo. And if, on occasion, the wind is sadly lacking, the 58's engine certainly isn't. A powerful 6-cylinder 115-horsepower Perkins will give you a range of well over 500 miles.

Rigged as a cutter with the choice of fin or Scheel keel, the Moody 58 is an exceptional boat for all and can be sailed with security to all points of the globe.

L.O.A. .... 57' 6"  
L.W.L. .... 48' 0"  
Beam .... 16' 3"  
Draft:
