

# Moody Eclipse 33

33'

**T**he Eclipse 33 is an entirely new concept in pilothouse yachts. Her original design features combine to give a craft which has undoubtedly strong appeal to those who want to combine all the pleasures of motorboating with easy sailing.

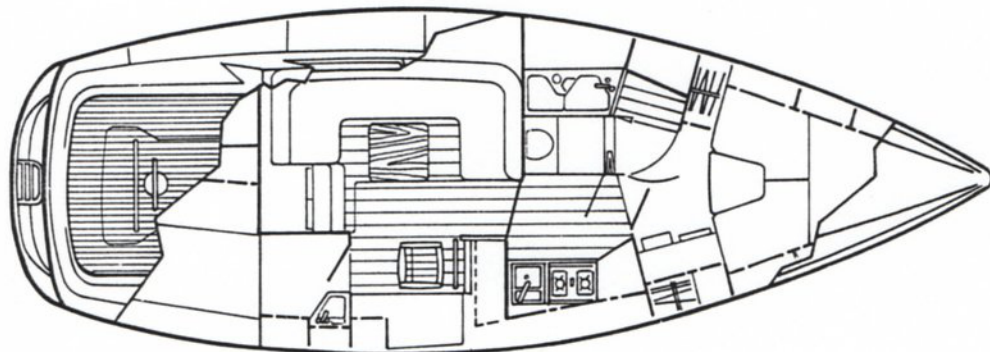

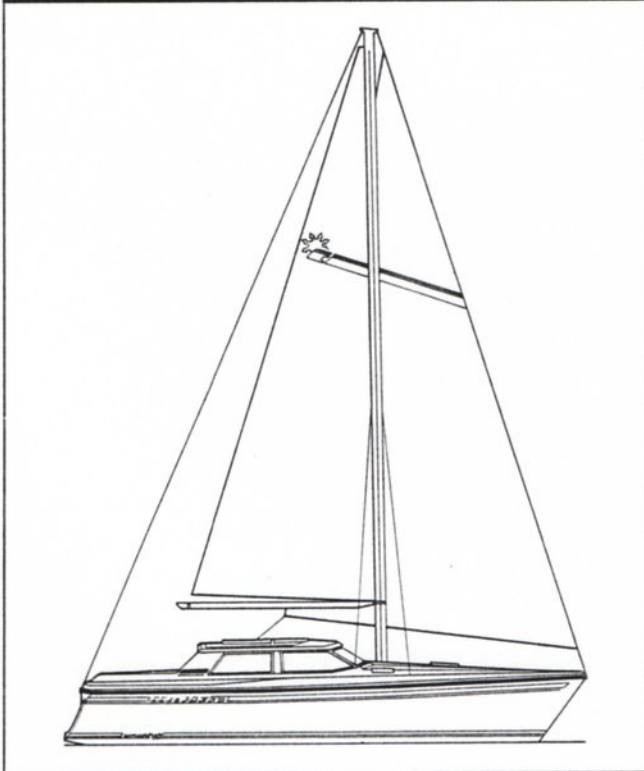

With its many windows and ports the spacious pilothouse is designed to give a high light level and excellent all-around visibility, while twin steering positions enable the Eclipse 33 to be helmed from either the cockpit or from the saloon below—a distinct advantage when the weather turns.

The Eclipse 33 is well equipped and includes, as standard, headsail-furling gear and an in-mast furling main-sail system which aids easy sailhandling.

Comfortable, roomy accommodation comprises two berth forward cabin with large fore and aft double berth in the cabin. In the saloon, with its teak and holly flooring, the large U-shaped settee provides all-around visibility when seated, or can convert to a double berth.

The fully fitted galley, sited to starboard, comprises a double-burner gas cooker with broiler, twin stainless steel sinks and a front-opening electric refrigerator.

The Eclipse 33 has been designed and appointed throughout to give maximum pleasure

whether sailing, motoring, or simply lying at anchor.

The Moody 33 Eclipse, as with all Moody yachts, carries a Lloyd's Hull Construction certificate.
