

# O'Day 302

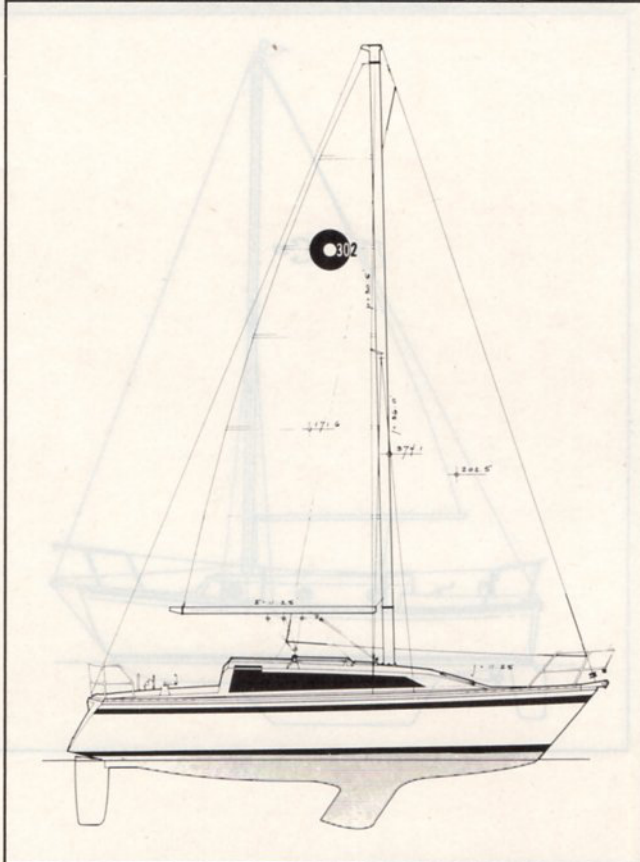

30'

**G**et out of the air and settle down with friends for a refreshment and relaxation. You'll readily appreciate the bright, airy, and spacious feel of this very modern arrangement—with more living room than on conventional 30-footers. Placement of the galley gives the cook more room, which means more comfort than smaller, cramped layouts. The chart table across from the stove conceals the heavily insulated 4-cubic-foot icechest.

In the midsection there are two facing settees—one 6 feet in length ahead of the galley and a 7-footer to starboard. There are two separate fully enclosed staterooms at opposite ends of the boat for maximum privacy for two couples.

Storage space is generous throughout. There's a hanging locker and storage drawers aft, two large drawers forward, and aircraft-styled lockers hung under the deck amidship. Additionally, there is plentiful storage in the galley area: dish racks, lockers, drawers, and even a hidden trash locker in the countertop.

A truly outstanding development has been adopted by the O'Day for the 302 and the 322. That breakthrough is the patented winged Hydrokeel.<sup>™</sup> And it really works! The Hydrokeel's hydrodynamic efficiency allows the 302 to sail

anywhere there is more than 4 feet of water, and the keel does it while introducing the sailor to amazing lift to windward along with a smoother shock-absorbing motion in choppy or rough waves.

Other aspects of the O'Day 302 under sail are her fully battened mainsail, which tacks through the eye of the wind with barely a whisper and drops right onto the boom inside lazyjacks ready to be tied down and covered.

Living space, ample headroom, and privacy are all very important considerations on the O'Day 302. The O'Day 302 represents value now and in the future—and the future is TO'Day.

L.O.A. .... 29' 7"  
L.W.L. .... 24' 2"  
Beam .... 10' 0"  
Draft .... 3' 11"  
Ballast .... 2,400 lbs.  
Displacement .... 7,200 lbs.  
Sail Area:

100% Foretriangle 203 sq. ft.  
Main .... 172 sq. ft.

## Rig Dimensions

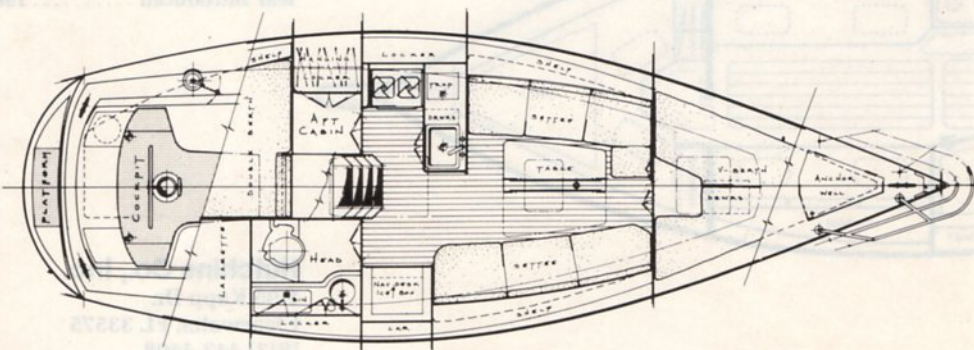

### Foretriangle:

I (Height) .... 36' 0"  
J (Base) .... 11' 3"

### Main:

P (Luff) .... 30' 6"  
E (Foot) .... 11' 3"

Rig .... Isomat  
No. of Berths .... 6  
Water Capacity .... 30 gal.  
Fuel Capacity .... 24 gal.  
Sails .... Neil Pryde  
Winches .... Barlow  
Stove .... Kenyon  
Steering .... Edson  
Blocks .... Schaefer  
Designer .... C. Raymond  
Hunt Assoc.  
Year Introduced .... 1987
