

Mariner

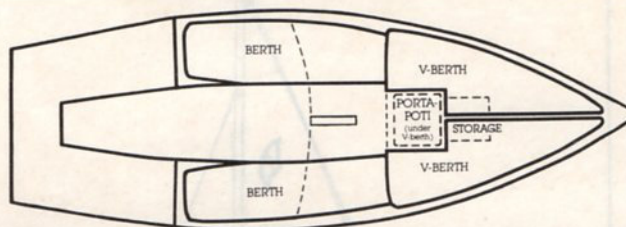

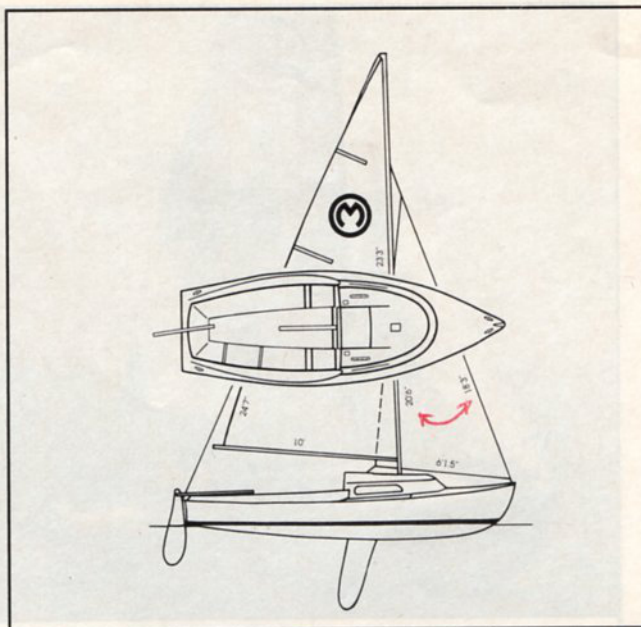

19'

The Stuart Marine Corp's Mariner is built to be sailed hard. She is capable of high performance in the heaviest weather. The sturdy Mariner hull is identical to the rugged Rhodes 19. Her centerboard is a hefty 70 pounds, and 250 pounds of internal lead ballast is bonded to her hull.

Launching and hauling the Mariner is a simple operation; she draws only 10". The tabernacle allows you to step the mast singlehandedly. When you board the Mariner, you're ready to sail one of the finest boats being built today.

The Mariner is a daysailer or a weekender. She sleeps four adults with a forward V-berth and two quarterberths. There is even provision for a portable head.

More than 4,000 Mariners have been built; its national class association is very active. The Mariner is a time-tested, proven performance

boat, with over 25 years in production and built to the exceptional standards demanded by Maine craftsmen and backed by Stuart Marine's two-year warranty.
