Manufacturer's comment:

You may not have realized it but the ship you've really been waiting for just came in. It's the brand new PY26, by John Deknatel of C. Raymond Hunt Associates. Five can live aboard. (Even a big family can enjoy this one.) And—unlike all too many cruisers—the PY26 sails like the wind. It's gentle, responsive and easy to handle, but it's a fast contemporary shape built in the tradition of a fine yacht.
