- Seaway Tiller Extension

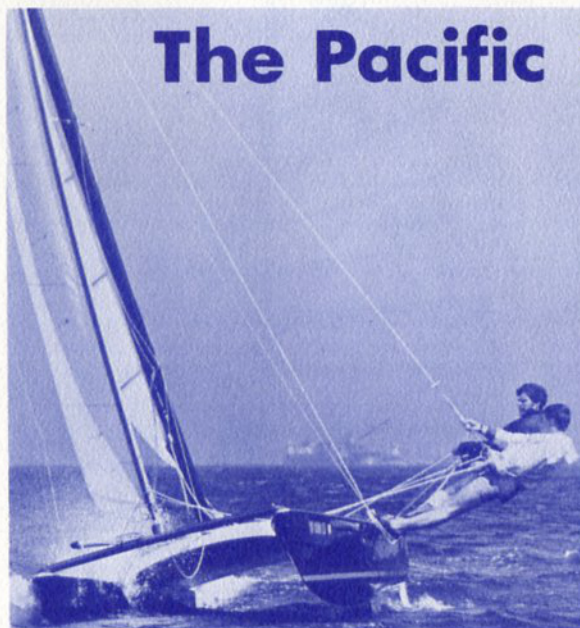

P C A T

A thrilling ride in a Trapeze at high speed

At 25 Knots

The Pacific Catamaran..

Will take you to Catalina in less than two hours, or sail by any boat within sight, or provide the most thrilling racing imaginable. Designed by Carter Pyle, the all fiberglass P-Cat features aluminum spars, stainless rigging and fittings, and kick-up rudders for easy beaching. A roller furler allows the jib to be reefed under way. Foam flotation makes the P-Cat unsinkable. Easily trailered and quickly rigged, the P-Cat will provide years of maintenance free sailing.

EXTRAS

- Spinnaker gear
