

PAHI 63 "M O A N A"

Lengh O.A. 63' - 19,20 m
 Lengh W.L. 51' - 15,55 m
 Beam O.A. 28' - 8,53 m
 Beam of Hulls 6' - 1,83 m
 Draft 2' 8" - 0,80 m

Weight approx. 8,5 tons
 loaded 12,0 tons

Sailarea (working rigg) 1350 sqft - 125,4 m²

Designed by James Wharram & Hanneke Boon

All sails should be constructed for ocen-voyages and should be of very strong but softly material.
 All the sewings should be three times for every seam and should be with black or dark blue thread.
 The zipp I hold very risky, so I think the best way is, to conect the sailpocked with small carabines.
