

*the Pearson 26
One-Design*

*Come Sail
With Us...*

the new Pearson 26 One-Design is in a class by herself. Both her sailing ability and her lines are beautifully balanced. Racing, cruising, day sailing. The best of all worlds at a price that defies analysis.

Full length berths port and starboard, with molded-in storage bins underneath to hide most of the gear you'll bring aboard.

A roomy hanging locker, with an enclosed head opposite... rare finds aboard a 26 footer.

Most one-design sailors don't want to trade away their roomy, maneuverable cockpits.

Only the genius of designer Bill Shaw could so successfully combine the capabilities of a day sailer and family cruiser into a one-design 'round the buoys' class racer.

Look at the size of the cockpit. Then, look below. It's hard to believe.
"How big is this boat anyway?"

Everything is full size. The P26 OD features a large double forward, shelves outboard and rope locker in the forepeak.

Why give up racing when the family arrives. Take them with you.

Come Sail With Us...
