

# Pearson 27

27'

**T**he new Pearson 27 may be the most spacious 27-footer you've ever been aboard. Her 22'6" waterline length and 9'1" beam allow for an extremely accommodating layout both above and belowdecks. The 27 features an enclosed aft stateroom to port and a large enclosed head to starboard. With over 6' of headroom in the main cabin, you will find the 27' remarkably open and airy for her size.

The galley is located amidships with the stove and sink to port and a large icebox covered by an equally large chart table/counter to starboard. Forward, the settee easily converts into another huge double berth.

And the Pearson 27 sails remarkably well due to her generous sailplan, long waterline length, and wide beam. Standard on this boat is the innovative shallow-draft winged keel, which allows the 27 to

navigate waters other boats can't approach.

The Pearson 27 offers performance and accommodations associated with much larger sailboats in one extremely manageable and affordable package.
