

Pearson 36

37'

The Pearson 36 evolves from a number of successful Pearson designs. It incorporates features that we believe, and know from experience, produce a sound cruiser/racer. It is a boat that has outstanding steering control under both sail and power. Its rig is proportioned to give outstanding light-air performance, balanced with simple systems of sail reduction when the breeze builds up. And you have a choice of two underbody configurations—keel and keel centerboard.

Belowdecks, the arrangement typifies the demands of today's buyer, with two separate and totally private staterooms and a large saloon amidships. The galley is part of the living accommodations so that whether you are mixing drinks or making a meal, you are an integral part of the scene.

An old axiom says that the sum of the parts equals the whole. In this case, the sum of the parts represents not only the whole but also a tremendous amount of enjoyment that we think you will appreciate when you step aboard the Pearson 36.

L.O.A.	36' 6"
L.W.L.	29' 7"
Beam.	12' 4"
Draft:	
Deep Keel	6' 6"
Board Up	4' 2"
