FUN IS WHAT CAT SAILING IS ALL ABOUT— AND MORE FUN PEOPLE OWN PRINDLES!

Take the flash and dazzle of the Prindle 19 and back off just enough to accommodate an average weight couple. You're right there with the Prindle 18-2! *Yachting Magazine's* prestigious 1985 One Of A Kind regatta was won by a stock Prindle 19. Specially-equipped 19's were also first and second in the East's awesome Worrell 1000 offshore race and first in the Pacific 1000. What a lineage for this hot new multi-purpose Prindle 18-2! A direct reduction of the Prindle 19.

When we looked for the successful Cats of the last ten years, we saw the Prindle 16 and 18, Hobie 16 and 18 and the Nacra 5.2. They all had the fun, but none could match the performance of our new 18-2, and we decided to make it a "go."

The 18-2 is rugged but light to stand both beach sailing and hard racing. Gasketless centerboards give windward lift and kick up for the beach. Get the most power from the sailplan with the 18-2's full length boom for the positive sailshape that drives the symmetrical hulls faster than older catamaran designs—and fast is fun!

The Prindle 18-2 was conceived with both class racing and sport sailing in mind. For one-design

competition, optimum crew weight is 300 lbs. Recreational sailing at nearly any all-up weight from 250 lbs. to 350 or more will give exciting performance exceeding earlier boats in this size. Best of all, this newest Prindle is also easy to sail and more forgiving.

Ownership of a Prindle qualifies and enrolls you in the Prindle Class Association. This will automatically put you on our FREE Prindletter mailing list and give you the opportunity to get it together with other Prindle Owners. We're a fun bunch!

Prindle 18-2's are built to give years of sport and enjoyable recreational sailing. Whether the Prindle 18-2 is the first catamaran you've considered purchasing, or you've owned several, make your buying decision only after you've sailed a generation ahead in this newest Prindle.
