

# Quickstep 24

24'

**W**hy are so many seasoned sailors selling their top-quality, larger yachts to own a Quickstep? It's simple. Up until now, cruising sailors who demanded the best in construction as well as sailing ability were relegated to larger boats. But the Quickstep 24 has created a new dimension in smaller yachts—meeting the demands of experienced sailors as well as those new to the sport.

Designed by Ted Brewer for pleasant daysails and occasional overnights, the Quickstep 24 is the perfect boat. The cockpit offers room for six adults, while the high teak coamings keep the children safe and dry. Below you'll find sleeping for four, a built-in icebox, a deep sink, place for a stove, and provisions for a head. Four opening ports and a large forward hatch provide excellent ventilation. Quickstep 24 is also available with a 9-horsepower inboard diesel.

Sailing a Quickstep 24 has

never been easier or more enjoyable. Chosen by sailing schools throughout New England, the Quickstep 24 fits their needs for a strong and stable boat that's easy to sail in all kinds of weather.

One look and you'll understand why the Quickstep 24 is the cruising sailor's choice.
