

# RANGER-20

The RANGER-20 is designed for excellent sailing performance and comfortable cruising. Strong, light and easily trailered. You can launch her just about anywhere. Light enough to trailer, yet big enough to give you family cruising comfort and exciting performance. As a *one design* the RANGER-20 encourages sailing ability, and has a class association, with active fleets across the Western United States. The keel/centerboard provides ultimate stability. Self-bailing cockpit and positive foam flotation provide for safe family sailing.
