

# RASCAL

Here's a boat that will move smartly even in a sneeze of a breeze, yet it is rugged enough to go out in a surf that's running hard and heavy.

At 14 foot overall, Rascal is a speedy, superbly manageable sloop that's an ideal family fun boat. Her rugged fiberglass hull is practically maintenance free and her high free-board at the bow entry, knifes its way through heavy seas.

Rascal has a roomy cockpit that will comfortably accomodate as many as four adults and there is plenty of storage throughout. The Rascal is a safe, stable craft that is built to sail away from a capsize and can be righted by a child.

From every point of view; safety, stability, comfort, performance, Rascal has what it takes to make sailing fun for the whole family!!
