## Every once in a while a "Jewel" is created.

It takes time, perseverance, and the right set of conditions. Once born, it will last a long, long time with very little change. This "Jewel" known as the Seaward 25 has been in production over ten years and has evolved as the finest and most sought after boat of her class. The cause for this demand is evident by even the novice sailor. Her sweet lines are addicting to the eye and her practical features make her an irresistible temptation for the sailor seeking satisfaction through quality in function and construction. Hold out for the best. **You deserve a Seaward.**

**Features include:** Anchor supporting bow sprit - anchor line locker - voluminous well ventilated forward cabin with large v-berth - hanging locker - teak door separating for and aft cabin - dual settees with comfortable backrests - settees convert to crossship double berth or starboard settee can be used as a single berth - convenient table folds down and slides to center of cabin and is self-supported with no clumsy leg - built in ice chest / cutting board cover - 55 sink with 20 gallon water reserve (pressurized hot and cold water available) - single or double burner stove - trash receptacle - enclosed head / shower - large single (or small double) aft convertible berth - Yanmar 1 GM10 inboard diesel with double fuel strainers, dripless shaft log, and 200 mile cruising range - large aft storage compartment as well as ample storage throughout - Harken sailing hardware and winches - gated sternrail with cat-bird seats - (8) finest quality Stainless steel opening ports with screens - large (4) bolt yacht cleats with hawse pipes - much more!
