

Soverel 27

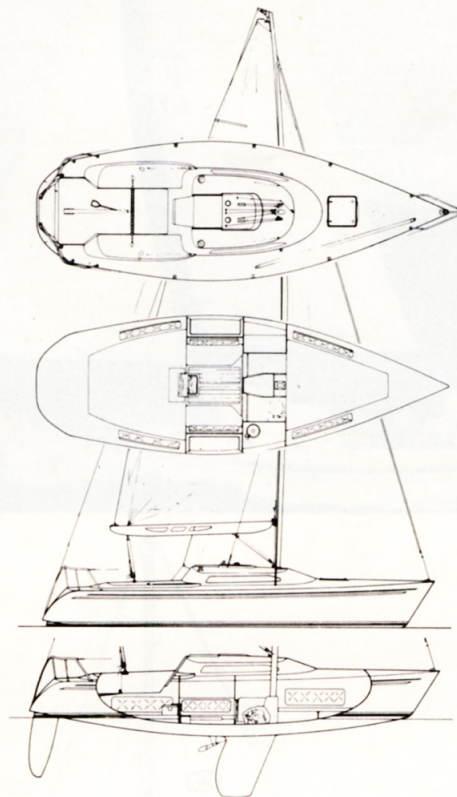

27'

Here is the star of MORC fleets coast to coast, a grand-prix machine in an affordable size that puts the fun back into high-performance racing: big-league performance without big-league headaches.

First, the speed is there. And so is the excitement. But it comes in a manageable package under a reasonable crew with just a finger on the tiller.

The feel is right: You tune, you get results. The response and responsiveness are eerie. Her 15/16's double-spreader rig is powerful and fully adjustable, just like an Admiral's Cupper. You can tighten down her sheeting angles to single digits.

Blocks, winches, and hardware are race-directed. Core/composite construction by Tartan includes stiff internal grid structures to translate force into speed and strength into a long, reliable life.

See your Soverel dealer or write for information on S-27 and other Soverels up to 50 feet. After all, nothing beats a fast boat.

L.O.A.	26' 6"
L.W.L.	21' 10"
Beam	8' 9"
Draft	5' 0"
Ballast	1,600 lbs.
Displacement	3,900 lbs.
Sail Area	362 sq. ft.
Designer	Mark Soverel
