

THE STUR-DEE CAT

Her beige decks are a blend of classic beauty and modern ability. She has heavy-duty and wide stays with turnbuckle adjusters. Rigged with matching shrouds. Two sets easily. Traveler. Molded in. Boat. 14' 4". Hull length 13' 8". Beam 5' 6". Draft 2' 6". Weight 1,100 lbs.

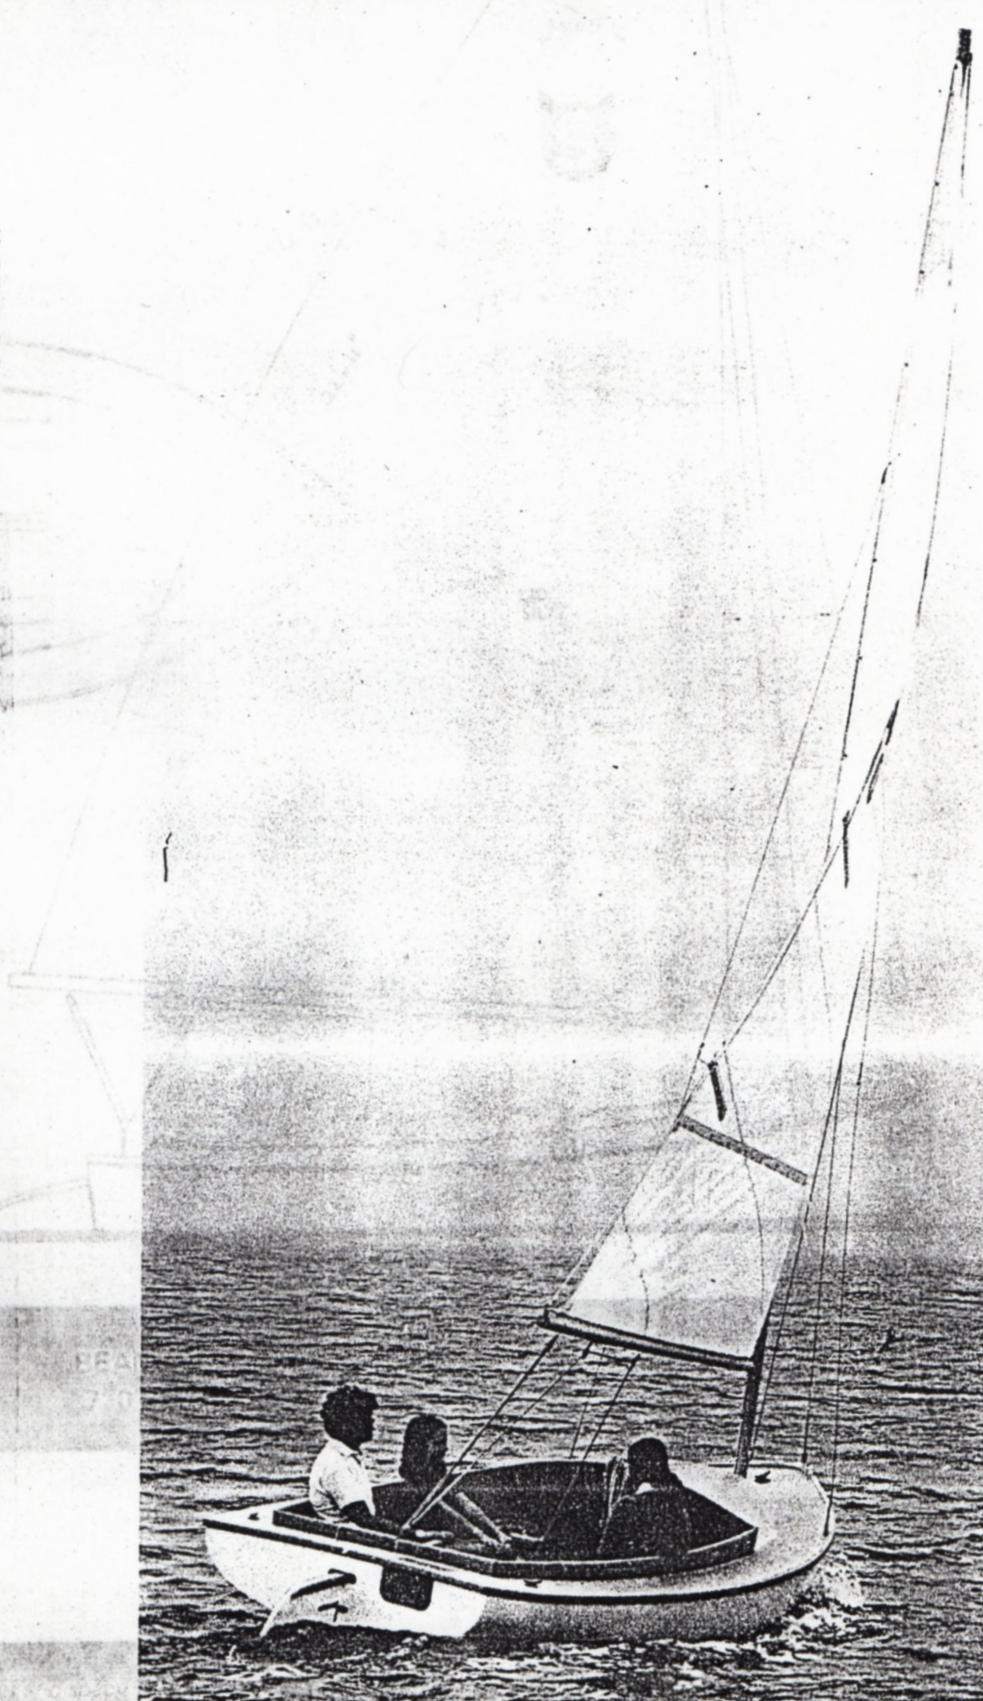

A CLASSIC CAT BOAT WITH MODERN ABILITY

This 14' 4" Fiberglass Cat is a perfect blend of classic beauty and modern simplicity. From her beige decks, molded to look and feel like the canvas covered decks of her predecessors, to the varnished oak rails and coamings, she accents the fine lines of her designer. Yet with her modern marconi rig she'll show a turn of speed and agility that many larger sloops can't do. Sail her single-handed...but one look at her huge cockpit and you won't mind taking the whole family along. A cuddy cabin gives good protection from spray and plenty of room to store your gear. The seats and coamings are just the right height above the cockpit sole to be very comfortable. Sail her up on a sandy beach. Her fiberglass centerboard is easily retractable and the rudder is protected by a skeg. Or trail her to your favorite lake. Anywhere you go, the Stur-Dee Cat will stand out, and you'll want to stay out when others run for home.

Designed by Edson Schock

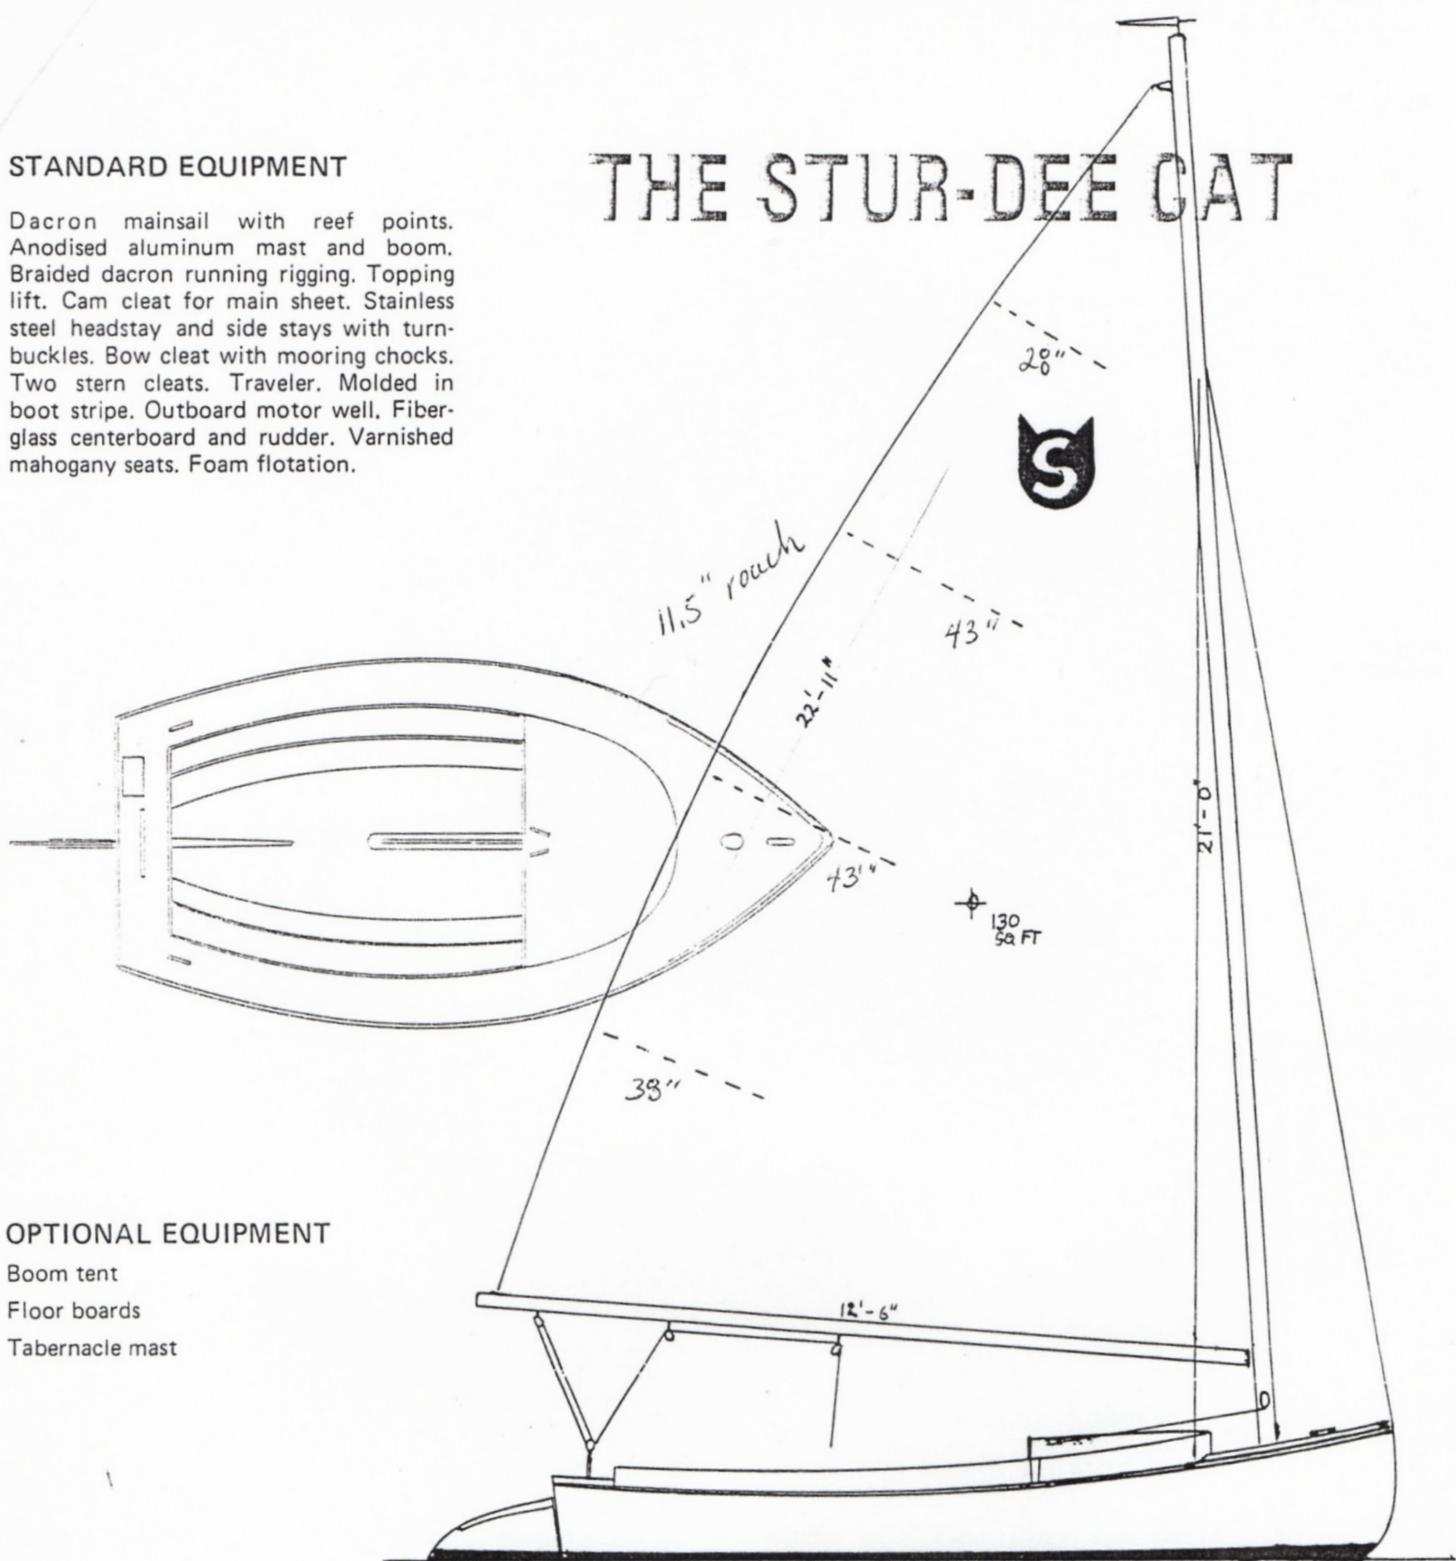

Built by STUR-DEE BOAT CO.
Rt. 177
Tiverton, R. I. 02878
