## Sun Odyssey 29.2

*The perfect balance between light and space*

JEANNEAU, whose reputation is renowned among sailboats in the 8 meter range, bringing to mind the success of the Sangria and the Fantasia, add to the Sun Odyssey line with their new entry, the Sun Odyssey 29.2, illustrating the top qualities of JEANNEAU's philosophy towards cruising sailboat construction.

The JEANNEAU Design Group in collaboration with Jacques FAUROUX put together their experience, ideas, and talent to create a sailboat with respect for tradition along with today's needs for volume and accommodations.

*A main feature on this boat : a separation between the salon and the forward cabin to maintain privacy.*

*The SUN ODYSSEY 29.2 with 3 different layouts is available with :*

- *A spacious salon that seats 6 adults,*
- *Two double berth separate cabins,*
- *A true toilet compartment with 1,74m / 5' 9" headroom,*
- *A true "L"-shaped galley remarkably designed for comfort dockside as well as offshore.*

*The spacious cockpit can accommodate an optional pedestal/wheel steering system for easier handling.*

*The open forward deck area makes a wonderful sundeck.*

*The portholes (side and frontal) are placed for maximum ventilation, one of the principal characteristics of the Sun Odyssey line. There's lots of natural lighting provided through the deck hatch over the salon area.*

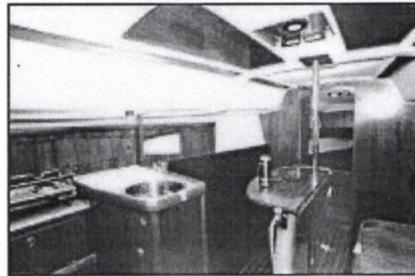

*Comfortable cruiser, performance sailing, the SUN ODYSSEY 29.2 is equally at home at the dock, where access to the cockpit is easily made through the swinging transom helmseat.*

*For the best size versus cost value, the Sun Odyssey 29.2 offers above-average quality accommodations. It comes in two models - keel version, or centerboard/double rudder.*
