Sun Odyssey 32.2

A contemporary sailboat that draws on tradition

Available in both keel and centerboard/twin rudder versions, the new Sun Odyssey 32.2 is notable by its voluminous accommodations and it's bright interior. Clearly this boat is made for cruising.

The Sun Odyssey 32.2 combines all of the top qualities that make up a true JEANNEAU sailboat:

On the outside :

- *Optimal freedom of movement above deck : going forward is done in safety thanks to wide decks and handrails running 2 meters along the roof.*
- *A spacious cockpit for more comfortable sailing with wheel steering for easy sailing.*
- *Easy access to the cockpit through a swinging transom helmseat.*
- *All sailing control lines led to a central location.*

Down below, light and space :

- *The standing headroom is remarkable for a 32 footer : 1,80 m / 5' 11"*
- *The number of portholes and the quality of the teak woodwork creates a commodious salon that seats up to 6 persons.*
- *The teak furnished nav station, with lots of storage and places for electronic displays, fits in perfectly within the salon.*
- *The functional "L"-shaped galley and the forward-facing nav station are well thought out and exceed all expectations on a boat this size.*
- *This boat comes with 2 large separate double-berth cabins with lots of*

ventilation.

- In the aft cabin, a porthole looks out onto the transom for an ocean view.
- With numerous storage compartments, the spacious yet practical head has a toilet and a shower.

Under way, the SUN ODYSSEY 32.2 is surprising in it's lively feel. Its long rudder guarantees an easy helm even in a breeze.

The SUN ODYSSEY 32.2 : the best of vintage 1998 sailing
